

OPEN SHOP IN CHICAGO

Enforce Landis Wage Award.

**Business Interests Pledge
Support to Citizens'
Committee.**

**Building Trade Tie-up Must
End Will Stop Craft of
Union Leaders.**

(Associated Press.)
CHICAGO, Nov. 16.—A campaign to break the "open shop" policy in Chicago building trades, to enforce the Landis wage award and terminate the building tie-up was launched publicly today.

Chicago business interests pledged support to the citizens' committee, which will direct the fight on union organized refusal to abide by the decision. It was announced that 1200 non-union carpenters are already working here.

More than 1000 business men at an Association of Commerce luncheon cheered Thomas Donnelly, chairman of the citizens' committee, when he announced the program.

WILL BE NO COMPROMISE.
"To accomplish the task we are setting about requires sacrifice and firm determination. We need the assistance of every red-blooded man in this town," Mr. Donnelly said. "Chicago must get into its fighting armor for a battle to the finish. There must be no compromise which only temporarily delays the problem."

"We are going to make it our supreme business to put the Landis award over 100 per cent. We will help and support those unions that abide by the award of the arbitrator. For those crafts which refuse we will institute the open shop plan. Already we have 1200 non-union carpenters working in Chicago and we will put 250 more to work Monday morning."

Among the trades that have refused to work under the award are the carpenters, plumbers, sheet metal workers and roofers.

END UNION GRAFT.
"Eighty-five per cent of the contractors of Chicago have signed up to work with the citizens' committee. If it turns out that Chicago contractors do not make good, we will import contractors, if necessary, and see they get the majority of the contracts."

The contractors who have signed up have agreed they will permit the citizens' committee to dictate the labor policy.

"The cost of this undertaking may be great, but we are prepared for the sacrifice. It will cost no more money than Chicago pays each year in graft to union-leader leaders. The campaign already has been underwritten sufficiently for a start and a canvas for funds will begin at once."

SILT FILLS UP RUSSIAN PORT.

Only Twenty Ships Now Able to Dock in Petrograd.

(BY THE ASSOCIATED PRESS.)
PETROGRAD, Nov. 15.—Only twenty ships can find anchorage in this port at one time. Previously it was possible for ninety-nine ships to unload simultaneously, but the silting up of the river and the decay of docks make it necessary for many ships to wait their turn since the resumption of shipping activity.

The petition asks that the defendants be restrained from including in the agreement which is to be signed by the association and the Chicago Typographical Union, No. 16, a clause that would prohibit any employee in the member shops of the Franklin Association from handling work that originates in or is assigned to "struck" or open shops. It is the contention of the complainants that this clause amounts to a conspiracy or boycott to restrain them from doing business.

PITTSBURGH (Kan.) Nov. 16.—Representatives of the International Organization of Mine Workers claim that most of the striking Kansas miners would return to work today under the order to do so or subject themselves to revocation of their local union charters. Adherents of Alexander Howat, deposed Kansas district union president, declared the miners would remain on strike.

CREW OF LOST SHIP NOW IN BAY CITY.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Nov. 16.—Capt. Adolph Hansen, master of the schooner Carrie Dove, lost November 2 on Molokai Island, of the Hawaiian group, arrived here today with six of his crew aboard the Matsushima.

All of the crew were saved, he said, but two were injured. The Carrie Dove, a small craft, went ashore during a heavy sea.

GARDNER TELLS ESCAPE STORY.

(Continued from First Page.)

came to Phoenix, twenty-three days ago.

AT MEDFORD, OR.
Gardner stayed in Medford, Or. three days, he said, and in Redding overnight. Leaving Redding the next day he started for Napa, Cal., where he would have been safe. After one night in Napa, he left for Bakersfield, where he stayed overnight and next day started for Los Angeles. That was about four weeks ago, as nearly as Gardner could recall the time.

He had been traveling on the motorcycle until the engine broke down. Then he rode to San Diego, where he abandoned the machine and caught a freight train on which he rode to San Francisco. He said he had been traveling on the motorcycle until the engine broke down. Then he rode to San Diego, where he abandoned the machine and caught a freight train on which he rode to San Francisco.

Asked by Sheriff Montgomery why he did not remain in Mexico, where he would have been safe from arrest, Gardner replied that there was no money down there, and that he could not compete with Mexicans for work.

"I could have existed down there, I suppose," he said, "but then you can exist in the penitentiary."

STAYED IN MEXICALI.
He stayed three days in Mexicali and then started for Phoenix by way of Yuma and Maricopa, Ariz., he said.

"I always got caught like this," Gardner said, "but I'd just as soon be caught in a one-horse town as in San Francisco."

It was found at the police station that the first two shells in Gardner's gun contained small shot and would, if they hit a man, overpower him without injuring him. If shot at a range of several feet, Gardner explained that the reason he didn't use the gun was that he didn't want to hurt anyone.

Throughout his story in the County Jail, Gardner was in a light mood, and did not seem depressed. He is 36 years old and has received a good education. According to his own story, he attended public schools in Missouri, was graduated from the Colorado Springs (Colo.) High School, and the Colorado State University. He said he was a welder by trade.

He stated that his father and a married sister were living in Chickasha, Okla. His father, he said, is a retired business man. Gardner indicated that he wished an early hearing. He admitted that he was the author of an appeal to President Harding for a pardon, published in a San Francisco newspaper, after his escape from McNeil Island penitentiary.

FORGED DOCUMENTS DENIED BY BRITISH.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Nov. 16.—The British government, it was announced today, has handed the soviet government at Moscow a firmly worded note absolutely denying the allegations of Foreign Minister Litvinov that the British evidence of hostile Bolshevik propaganda in Central Asia and Afghanistan was founded on forged documents, German or otherwise.

ROY GARDNER IS CAPTURED.

Is Caught in Attempt to Rob Mail Train.

Tells Sheriff He Expects to Get Away Again.

(Continued from First Page.)

that about ten minutes before the train was due to leave for Los Angeles he got out to get the mail from a drop box at the station, leaving his revolver on the table.

When he returned to the car, he said, he was confronted by a masked man who pointed a revolver towards his head and ordered him to hold up his hands and back into the corner.

"I started backing, but didn't hold up my hands," he said. "All the time I was trying to convince the masked man that there was nothing of value in the mail in my car. I don't know why I didn't get down, but he didn't let me."

GRABBED BANDIT'S WRIST.
When he got into the corner, he said, the bandit ordered him to lie down on his stomach and he started to do so. As he started to get down, he said, the bandit put his hand on the back of his head and shoved him. Then, he said, he started to get up, but only got high enough to see the gun held in the other hand.

"I made a grab for it and got him by the wrist," he said. "Then we started scuffling and wrestling."

He testified, the bandit changed the gun from his right hand to his left and tried to club the clerk with it, but instead caught that hand. At last, he said, both fell down and continued wrestling but finally he got on top of the bandit and held him in response to his calls.

In reply to questions asked by Sheriff Montgomery, Gardner said the bandit had numerous chances to shoot him both before and during the scuffling.

WOODWARD'S BULLET.
Indertel identified five bullets as those he had taken from the gun. Two bullets had wooden noses and the others lead noses. Gardner explained that the wooden-nosed bullets contained small shot that probably would stop a man without killing him.

J. E. Wilke, special agent of the Department of Justice, told of visiting the room that Gardner inhabited during the twenty-three days he spent in Phoenix previous to the robbery and of finding a bandit who had fled to the United States. After Wilke had finished testifying, Gardner asked him if he had a search warrant authorizing him to search the room. Wilke said "no."

The other witnesses were police officers who testified that the car in response to Indertel's calls and their stories did not add much to what he had testified.

WANTED TO GET GUN.
After Indertel testified, Gardner asked him to demonstrate exactly how the attack was made. Then Gardner asked the commissioner to let him have the gun in order to make the demonstration more realistic. The commissioner refused.

Wilke testified that Gardner told him that yesterday noon as he was in the local postoffice, he heard two bank messengers discussing a \$15,000 shipment of money to Los Angeles. Gardner told him that that shipment would go on Atchison, Topeka and Santa Fe train No. 176 last night. It was the mail car on that train that he attacked. Wilke said the money actually went on a Southern Pacific train last night.

Gardner also told newspaper men here today he had expected to find a negro clerk in charge of the mail car last night and he believed the negro would have put up his hands when he saw Gardner pointed toward him. Postoffice

Champion Bivalve Opener Challenges Any Oysterman to Contest for Speed.

(BY THE ASSOCIATED PRESS.)
NEW YORK, Nov. 15.—Old Bill Lowmyer, whose life has been devoted to opening oysters, claims that when he split 100 of them in three minutes, three and one-quarter seconds, not long ago, he established a world record.

He has challenged any and all oystermen to meet him in competition with a barrel of bivalves and a knife.

Old Bill was born up Cape Cod way sixty-three years ago and he knows the names and records of all the speedy oyster openers along the Coast.

Officials today said the negro was made to take the run today. Gardner's identity was revealed today when the police photographer was taking pictures of him. The photographer noticed the likeness between the prisoner, who might give the name of "P. Nelson," and a picture on a poster notifying the police of Gardner's escape from McNeil Island.

Just before noon Gardner was turned over to the Federal officials by the police, and he was immediately removed from the City Jail to the County Jail, where almost his first words to Sheriff John Montgomery were a warning that he intended to escape if he got an opportunity.

Had Gardner been prosecuted under the laws of the State of Arizona instead of being turned over to the United States officials, he might have been punished by death for his attempt to rob the mail car.

AN OLD ARIZONA territorial law, which was carried over into the penal code when Arizona became a State, provides:

"Every person who goes upon or boards any railroad train, car or engine, with the intention of robbing it, or of taking any property thereon in violation of any law, or under control of any such person or other persons, is guilty of a felony."

"Any person violating any of the provisions of the three preceding sections shall be punished by death, or by imprisonment in the State prison for not less than ten years, at the discretion of the jury trying the case, or of the court upon a plea of guilty."

HAS UNIQUE RECORD.
(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Nov. 16.—Roy Gardner, escaped from McNeil Island, Washington, penitentiary, Sept. 5, 1921, by cutting his way through a barbed wire fence during a prison headlight game, running through the fields to cover amid a rain of shots from the guards. A cord was thrown around the island, and watch kept for weeks, but Gardner was never caught. Penitentiary officials said they thought he reached the mainland the night after the guard was withdrawn.

Two convicts, former soldiers at Camp Lewis serving life sentences for statutory offenses, also made a dash for liberty with Gardner. One of them was killed, the other wounded.

He committed two mail robberies in California and twice escaped from his guards while being taken to McNeil Island. The first robbery was of mail wagon at San Diego in April, 1920. His last being \$5,000, all of which was recovered. En route to the penitentiary, he overpowered his guard near Portland and escaped from the train June 7, 1920.

On May 11, 1921, he appeared near Napa, Cal., in an attempt to visit his wife, evaded a posse and held up a Southern Pacific train near Newcastle, Cal. Six days later, obtaining a mail pouch containing \$175,000 in securities. On May 23, he was captured while playing cards at Roseville.

Pleading guilty in the Federal Court at San Francisco, he was sentenced to fifty years at McNeil Island, but on June 11 he turned out to serve on his two guards at Castle Rock, Wash. binding them with his own handcuffs and Oregon boot, and jumping through the car window with Norris Pyron, a counterfeiter, also being taken to prison.

Policeman Louis Sonny captured him on June 14 at Centralia, Wash., where he had taken a room at a hotel after eluding a posse at Castle Rock.

Mrs. Roy Gardner expressed surprise today over the capture of her husband as she said she believed him to be safe. "I don't know whether to be glad or sorry, or what to think," she said. "It is so horrible, just when I thought he was safe. I will rearrange my plans to be near him, wherever the man may be."

Mrs. Gardner is supporting herself and infant daughter by working in a downtown department store.

hoped for labor's co-operation. He declared the railroad had taken the first step to relieve business depression and had given an earnest example of their fixed purpose to reduce rates and to relieve the earliest practicable moment, so far as reasonably possible the public transportation burden.

The executives passed a resolution that in the event of disagreement between railroad officials and their employees, a conference on wage reductions, the necessary steps under the law would be to apply to the Railroad Labor Board for quick action.

WILL ASK REHEARING.
It also was decided to apply to the Interstate Commerce Commission for a rehearing of the case. A general inquiry is asked to ascertain whether "until a substantial reduction in operation and labor costs could be obtained, any further rate reductions could lawfully be required, or with due regard to the transportation industry be made possible."

TURKEY AND EGG PRICES SKYROCKET.

Boosted Prior to Holiday Trade; Secretary Davis Hits Profiteers.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 16.—Eggs, Secretary Davis said today, are going sky-high, and likewise turkeys. These two commodities, contrary to the general trend of food prices, are being boosted prior to holiday demands, he asserted, "by the cupidity and short-sightedness of the storage warehouse people."

When the warehouse people get all the eggs gathered in, they jack up the price until nobody can buy but the rich," he declared. "Then in the spring, when they have nothing on their hands but cold storage eggs, they are obliged to sell below cost."

"Commissioner of Labor Statistics Stewart tells me that Thanksgiving turkey in Washington may go up to 75 cents a pound. I know, for my part, if it comes to 75 cents, I'll eat corned beef and cabbage for my Thanksgiving dinner."

Texas Tornado Damages but No Life Lost.

FORT WORTH, Nov. 16.—A tornado that did considerable damage to property, but caused no deaths, was reported to have struck about five miles east of Marshall early tonight, in a telegram received at 10:30 o'clock by the Fort Worth Record.

Several houses and two stores were damaged. Many trees and telegraph and telephone lines were blown down.

No estimate of the damage could be made tonight.

powers or even one limited to America, Japan and Great Britain to replace it. This is founded on the feeling that there is need for some co-operative action to regulate conditions in the Far East in the interest of peace and prosperity.

The proposition concerning readjustment of foreign indebtedness to the United States resulting from the war will be advanced by the British delegates. Evidence that the subject is not in contemplation for consideration is afforded by the fact that there are no financial experts attached to the British representation. In fact there is every evidence that the British instructions contemplate a strict adherence to the agenda proposed by the United States.

It is known that the French delegation is of the same mind.

FIX AMOUNT TO SUPPORT EX-EMPEROR

No Country Wants to Take Over Charles's Debts Run Up in Switzerland.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Nov. 16.—The Council of Ambassadors today fixed the amount of the money allowance to be given Emperor Charles of Austria Hungary and his family, and conditions under which this expense shall be taken over by the states successor to the Austro-Hungarian Empire. Portugal is to be free from any charge.

The Associated Press learns an amount has been set for the maintenance of Charles. Only the principle of support was discussed, with the idea he should be treated in accordance with his one-time rank a sum between \$50,000 and \$100,000 gold marks yearly has been mentioned as the probable amount.

Great Britain seems prepared to find the money for the support of Charles until arrangements are made with the former Austro-Hungarian state for his support. No country, however, shows any inclination to the Austro-Hungarian debt of Charles in Switzerland. This amounts to between \$500,000 and \$1,000,000 Swiss francs.

PAT HARRISON HAS NEW ANGLE ON THINGS.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Nov. 16.—Charges that Senate Republican leaders were seeking to put the Ford-Newberry senatorial contest through while the newspapers were "clogged" with news of the Armament Conference, and thus keep the facts from the public, were made in the Senate by Senator Harrison, Democrat, Mississippi, today, when the railroad funding bill was discussed and the election case made the order of business.

Are You Keeping Up with the Disarmament Conference?

Do you know that it affects not only nations, but the individual inhabitants of the various countries—which includes you?

Do you realize that to understand current news, to form correct judgments, and to see and know in which direction we are headed—whether it shall be billions for armaments or billions for peace—it is absolutely necessary to follow this epochal event?

In response to numerous requests the Los Angeles Times will publish each week during the conference a special 4-page illustrated edition giving in compact and connected form all the principal news, special articles and reports that have appeared in The Times the previous week.

Through its re-arrangement and editing the matter will enable busy people to keep pace with the developments. The editions when completed will make a connected history well worth preserving.

YALE AND CALIFORNIA.

Those Are the Football Teams Pasadena Hopes to Bring Together on New Year's Day.

BY PAUL LOWRY.

Invitations to the contending teams at Pasadena on New Year's Day won't go forth until November 19. That's only two days away, but the Tournament of Roses committee wants to give every team the benefit of the doubt, and will wait until the results of Saturday's games are in.

The classic of the East that day is the Harvard-Yale entanglement and here on the Coast the California-Stanford set-to.

California should have little trouble in clearing the path of the standard ripple, and Yale appears to have a decided edge on the Crimson.

These are the teams the Pasadena committee wants to bring together on New Year's Day. Though you can't jimmy the dope out of the Tournament of Roses folks, it is as plain as the nose on a whistle that these are the teams they have in mind.

In fact, the wires into New Haven and Berkeley have been kept very warm at times. By wire and artifice the committee covers up its collective tracks, but never a season has passed in which it didn't know weeks beforehand who it intended to invite and who would come.

The committee and its eyes on Princeton in the East last year, but some of the Princeton boys weren't so sure of the committee as the gridiron, and the faculty backed.

Incidentally the sinking spells of the Princeton football students in their class work last year led to the first intimation that Yale was pretty apt to come to the Coast this year.

Seward A. Simons, member of the football committee of the Tournament of Roses Association, dropped the information in mid-season before Yale had developed the strength exhibited in the last two games.

He was asked if he believed it possible in view of the turn-down from Princeton to invite Yale to make the trip this year. He replied that he understood no such scholastic difficulties confronted the Yale players, and saw no reason why the Blue couldn't be brought to the Coast.

This broad enough to lead one to believe that Yale, unless unforeseen obstacles should bob up, will face California at Pasadena.

Middle Western teams have come in for discussion, but the committee wants the team that carries the prestige. And who more than Yale? There's a lot in a name sometimes.

Simons left for Phoenix, Ariz., on Wednesday to attend to some business. From there he planned to go on East, attending the Harvard-Yale game on Saturday and the Penn-Cornell contest on Thanksgiving Day.

Simons, if Yale won't come Cornell, which has gone undebated this year, is a good second bet.

HENDRICKS DEFEATED BY COONEY.

Welterweight Champ of Navy Has Easy Time Winning; Sutton Shows Class.

BY PAUL LOWRY.

Sailor Hendricks, a welterweight of considerable fame in nautical circles, took a lacing at the hands of Tom Cooney last night at the Navy fights at Los Angeles Harbor.

Tom Cooney, who holds the welterweight championship of the Pacific Fleet, took it easy with his opponent, and the bout wasn't much to shout about.

Harry Sutton, ex-featherweight title-holder of the Navy, won a decision over Kid Schland of the U.S. Idaho in the semi-windup. Schland was substituting for Fisher, present feather champ, and many are of the opinion that if Fisher had been in shape to appear he would have been submerged under Sutton's barrage of blows.

Marine Goldman won a decision over K. O. Joyce of the U.S.S. Pennsylvania in a wild and woolly bout. Although Joyce has quite a reputation as a pugilist, Goldman trimmed him with neatness and dispatch. The Marine challenges the winner of the Sutton-Schland go.

In other preliminaries Thobe (U.S.S. Idaho) and Huff (U.S.S. New York) scrapped to a draw; Masterino (U.S.S. Arizona) defeated Canavan (U.S.S. Mississippi); and Kid Marlow (U.S.S. Camden) outpointed Bill Weymer (U.S.S. Mississippi). Lew Jack Kennedy referred in his usual finished manner.

PHILADELPHIA, Nov. 16.—Notre Dame paid a flying visit to the East last week, played two games, won both and scored seventy-six points to nothing for the opponents.

The Army was walloped 28 to 0 on Saturday, and in New York on Tuesday, while Hyman was being re-elected, Rutgers floundered and flopped 48 to 0. Winning two games in four days is quite an accomplishment, but not for a high-class, well-trained, brainy bunch of gridiron warriors. Notre Dame measures up to that standard, and might be even better than that.

Many football teams have played in the East this year, but it is doubtful if any made such an impressive showing. Chicago looked good in defeating Princeton. Centre showed some great football in winning from Harvard and Nebraska, but none can compare with the athletes from South Bend, Ind. To my mind, Notre Dame is as good a football team as there is in the country and can be ranked with the leaders. One game has been a season's worth of playing. Notre Dame showed something in the Rutgers game that was entirely new in the old style. The old style, but very popular running attack was subordinated to the aerial game, which was more effective. This does not mean that forward passes were used most of the time.

SEALS FLOP VERNON HARD.

Cobb's Lads Hit Back at the Chesty Bengala.

Pitcher Reuther is Battered in Eighth Inning.

Umpire Holmes Has a Tough Day at the Plate.

BY HARRY A. WILLIAMS.

Ty Cobb's hot southern democratic blood was again, at the boiling point yesterday, but this time, instead of looking for Bolshevism in the bleachers, he kept his eye on the ball; with the result that San Francisco evened the Vernon series, 6 to 2.

In order to turn this trick, it was necessary for the Seals to lift Walter Reuther, wearing what was originally supposed to be his Dodger cap. But on closer inspection it appears to be a close chapeau. Anyway, it is a nifty war bonnet, yet it didn't terrify the visitors any more than a close-fitting skull cap on a bald-headed deacon.

TOUGH FOR NINE. Walter was a tough customer for seven rounds, while Harry Krause was tough for nine, and when it comes to a contest of this sort, the average fan will lay his money on the nine-inning egg every time.

Much of the game was played around and over and between Truck Hannah's well-known and fragrant feet. At times Mr. Hannah's head looked like a public playground for boys, ranging from 25 to 35 years of age.

CLAIM THREE. A close-up of the Hannah dog, which are of the sturdy mastiff type, was first had in the third, when San Francisco scored two, and the Seals claimed that a third filtered in between Truck's tribles. Pinelli singled in with one retired, and was forced by Chadbourn, who counted on Cobb's double to left. Lou Blue hustled a long one to left center, and pointed his nose for a home run. With Ty across the plate, Lou Blue mulled the proverbial blue streak and headed for the same spot.

Kingdon's relay was true, and the ball flitted snugly into Hannah's mitt as Blue slid across the plate. What saved the runner in the estimation of the spectators was that Truck was standing slightly apart instead of with his feet grouped in one chaotic cluster. Practically everybody, except Umpire Ducky Holmes, the canvassback of the species, believed they saw Mr. Blue project a small, delicate shoe in between the massive brogues of Mr. Hannah, and in that subtle way reaching the plate before being tagged. There was a bitter row at the plate, and for a time it appeared that Ducky might be compelled to fly south to escape the stormy weather.

OUT OF WIND. In the inning preceding this one, Reuther is believed to have temporarily exhausted himself whiffing Sands, Mooney and Yella. Claude Cooper for six rounds today. (Continued on Second Page.)

Exide BATTERIES

Sending Your Words Through Space

If shipwreck or accident damaged the electric generator that sends a wireless message, and were no other power available, many lives might pay the penalty. For this reason wireless stations on land and sea have storage batteries for reserve power.

Ninety per cent of the Marconi system and most of the government and private plants use Exide Batteries.

A majority of the farms and country homes lighted by small electric plants get their current from Exide Batteries. Nearly every message sent over the telephone system is carried by the current from an Exide Battery.

The same rugged reliability that makes Exide Batteries dominant in every industry where batteries are used is built into the Exide made for your automobile.

Exide Service Stations are equipped to be useful to you, not only in putting the right battery into your car, but in giving skillful attention to whatever make of battery you are now using.

The Electric Storage Battery Co., Philadelphia

Whenever you see this sign you can be confident that the repair work on every make of battery and when you need a new battery, the right size Exide for your car.

Bay League Championship to be Decided Tuesday.

SAN PEDRO IS UP AND COMING.

Disposes of Compton by Husky Count of 49 to 0.

Meets Santa Monica for Bay League Championship.

Teams Fighting for Chance to Complete in Play-Off.

By hopping on Compton 49 to 0 yesterday afternoon, San Pedro cleared the way for an attack on Santa Monica next Tuesday in a game that will decide the championship of the Bay League. The San Pedro gridders have sailed through the league without much opposition, winning every game, and Santa Monica is the only obstacle in their way for a chance at the Southern California title.

Santa Monica, although officially a member of the Bay League, was granted a series of byes this season, and has only to play the team having the highest percentage at the end of the season. If Dutch Shutt's team trumps San Pedro Tuesday Santa Monica will compete in the play-off for the prep title of the South.

BOOTS STOCK. Santa Monica has had an indifferent season, winning three games and losing two. The fact that the beach lads trounced Jefferson to the merry tune of 45 to 0 last week boosted their stock a few notches, but it is understood that Tipton tried out a string of substitutes during the afternoon and Shutt is not prone to take much credit for the victory.

So far this season San Pedro's men have been on the weighty end of every score, and their showing yesterday was such as to give them an excellent chance for the Bay League title. The coaches have not yet come to an agreement on the location of the battle, but it is quite likely that Agnew-High's gridiron will be used.

RELEASE RODGERS AS SOLONS' BOSS.

(BY A. P. MONT WIRE) SACRAMENTO, Nov. 16. Definite announcement that William K. Rodgers, for three years manager of the Sacramento team of the Pacific Coast Baseball League, has been released, was made today by Charlie Moreland, one of the owners of the club.

Rodgers was reported yesterday to be in Portland negotiating with William Klepper for the management of the Portland team.

Grid Elevens to Play Final League Game. (SPECIAL CORRESPONDENCE) REDLANDS, Nov. 16.—The final league game for the Redlands High football team will be played here on Friday afternoon with the Riverside High team. Riverside must win the game to advance to the state finals.

At the same time Pomona and Chaffey will be playing on the Pomona field. Should Chaffey win that game, she will have the championship of the Citrus Belt League although Redlands held the team to a tie. Redlands dropped a game to Pomona early in the season. Should Pomona win and Redlands win from Riverside, then Chaffey and Redlands will have a tie to play off.

Coach Smith says that his men are in good shape for the game Friday. Gist, who was hurt some time ago, will not be in the game, however.

NEW WONDER BOAT ARRIVES.

Craft Said to be Fastest of Kind in the West.

Newcomer to Race for the Nordlinger Trophy.

All Set for the Big Regatta Next Saturday.

There was a flurry yesterday in local motor-boat circles when a rumor was brought in from the harbor that the fastest speed boat in the West had arrived aboard an incoming northern liner. This craft, if the report holds water, either will be Earl Miller's Miss California, the powerful speed boat from Portland, or Fred Vogler's Vogler Boy IV, the hydroplane from Portland.

In either case, the Nordlinger trophy race of seventy-two miles, to be started Saturday morning, will take on new interest and enthusiasm. Vogler's boat is a single step hydroplane, and is equipped with a powerful Sterling engine. The craft is light, but still stable enough to stand the rough waters of the Puget Sound, and should give the locals a stiff race. On the other hand, should it be Miller's Miss California, a keen race for the Nordlinger cup is assured.

START AT NOON. The first heat of twenty-four miles is started at 11 o'clock Saturday morning. Starting at 10 o'clock Sunday morning, the second heat will get under way. The third and final heat will be started at noon.

Reports were brought in from the harbor yesterday afternoon saying that both Farnum's boat and the Garbutt's Mystery, are doing better than sixty miles an hour in trial spins.

A speed over sixty miles is reported to be made almost daily at Newport Harbor by Bill Padon's Hurricane II. Joe Fellows is doing good time with his Starling can halfback at Carlisle in 1911 and 1912, and known the length and breadth of the lake as one of the best backs that ever breathed, is residing in Los Angeles.

Thorpe saw an unimportant football game between the Loyola College lightweight team and the Pasadena Military Academy last week and became disgusted with the unfair penalizing and the subsequent criticism directed against the Pasadena boys. He writes:

"The game was played at the Loyola Field, in Los Angeles. For that the Loyola team had the privilege of furnishing the officials, which they proceeded to do. During the game, one of the Pasadena players, who I observed, the Pasadena Military Academy was penalized over the length of the football field.

"The Loyola team sustained but one penalty. All these penalties were called by the officials for using the 'Minnesota shift,' which is at present being used by Syracuse and Princeton with great effectiveness. This play requires the most exacting officiating in order to analyze it, and the schoolboys functioning as officials in that game were incapable of refereeing a chess tournament, to say nothing of a football game.

WINTER LEAGUE MAY BE DROPPED.

(BY A. P. MONT WIRE) SAN FRANCISCO, Nov. 16.—Belief has been expressed that on account of lack of patronage the California Winter Baseball League will not be revived next year. The league closes its first season next month. Ty Cobb, Rodgers Hornsby, George Sisler and Harry Heilmann, major league stars, are managers of the four clubs in the league.

OTHER PRIZES. In addition to the Nordlinger trophy, four other prizes will be raced for. The Ray Thomas trophy will go to the winner. The Harry Keefe trophy will be up for second place.

Hal Rosen will place up a consistency trophy and Commodore Farnum's trophy will go to the craft making the fastest lap.

With the changing of the course from the Outer Harbor to along Terminal Island, faster speeds than ever have been made. The course off Terminal Island is a fast one. If the old course last year proved dangerous, as there never has been a serious accident since the cup has been contested for in twelve years, the officials took the step of changing the course before an accident did occur. This year the drift at the inner and outer harbors is terrible and the small fast speed craft, should they hit one of the floating menaces, would sink like a tub full of bricks.

MAY BE YALE AND CALIFORNIA (Continued from First Page.) can halfback at Carlisle in 1911 and 1912, and known the length and breadth of the lake as one of the best backs that ever breathed, is residing in Los Angeles.

"I watched the Pasadena team carefully and could not but admire the precision with which they executed their plays, or to be unfairly penalized by incapable officials. Unmindful of these discouraging factors, the Pasadena team, pushing the Loyola team in four downs backward forty yards toward their own goal. The head linesman then attempted to retain possession of the ball for the Loyola team by declaring that it was strayed over the treatment that third down.

"The Pasadena coach remonstrated with the referee, and the Loyola team withdrew from the game by a score of 1 to 0, which was a brilliant execution of Cobb's copyrighted stuff by going from first to third on the out. Sawyer skied.

INTEREST KEEN IN GRID GAME.

Whittier Meets Trojans on Next Saturday.

Southern California Pignin Title at Stake.

Contest is to be Pulled Off on Bovard Field.

With the Southern California pignin title at stake Whittier and U.S.C. will mingle at Bovard Field Saturday in a battle that is creating more local interest than any game held in the south this season. Neither team has been defeated by a Southern California eleven, and comparative scores indicate that the Trojans and the Quakers are quite evenly matched, although Henderson's machine is generally considered much the stronger.

The eleven men that will be sent against the Trojans will be undoubtedly be able to come out on top, but in case things are going wrong, Gloom, Gus has a host of substitutes to call back on. If his first squad can't subdue the Quaker upstarts, his second bunch will be called into action, and his second eleven can pass the buck to the third if the job is too big.

BARELY ENOUGH. On the other hand, there are about as many men in the whole Whittier institution as are included on Henderson's football squad. Coach Perry has barely enough real football players to make up a team, and only two or three possible substitutes. If the Trojans get too rough with their opponents Saturday, and half a dozen of the Quaker variety are packed off the field, Whittier's slim chance of securing the title will fade into nothingness.

Man for man the Trojans stack up nobly with their Trojan opponents. Big Ed Suggett is the equal of any player in the south in the line-bucking business, while Whittier's line is considered by many to be equal to that of the Cardinal and Gold. U.S.C.'s aerial attack will undoubtedly give the Trojans plenty of trouble, and the speed of Tiernan is not duplicated on Perry's machine, but with the help of a few breaks and the fighting spirit that always distinguishes the Trojans, Whittier stands a fair chance of keeping the score interesting.

EXPECT TO WIN. Although the Trojans expect to win the title Saturday they are not underestimating the worth of the Quakers. All week Henderson has been drilling his men on defensive tactics for Whittier's plays, and polishing up his machine for the battle. Coach Perry has been giving his team light workouts, guarding against the stalemate that so often follows a big game. The Trojans are far from confident that they will undermine the U.S.C. eleven, but remain to regard themselves as hopelessly outclassed, and the Southern California title will be won only after a double-barreled, head-on argument.

SEALS FLOP VERNON HARD (Continued from First Page.) seemed to hold the only key to the Krause combination. He doubled without result in the first, and singled infield in the fourth for the second and only two hits made off Harry, until the seventh, when Hannah tied the count by hitting a home run over the left-field fence. Cooper opened the fourth by beating a punt, and both runners were safe on a belated fielder's choice on Walter's grounder to Ellison. Sisler drove to Pinelli, who threw to Sands, forcing Wolf- fow. It was a brilliant execution of Cobb's copyrighted stuff by going from first to third on the out. Sawyer skied.

Chadbourne cocked a single at the start of the eighth, going to third when Cobb crossed the natives by pulling a hit-and-run which sent a single through where Sawyer had been standing before starting across to cover. Blue singled to right, scoring Chadbourne, while Cobb, with a burst of speed, barely beat Blenkiron's throw to third. Blue took second on the play. No advance anywhere while Sawyer threw out Ellison at first. Sands dumped the ball down the first base line. Sisler came in fast, scooping the sphere, and, closing in on Sands, who had stopped, while keeping an eye on Cobb, who had advanced almost two-thirds of the distance to the plate. To his credit, Sisler pulled some of Cobb's copyrighted stuff by going from first to third on the out. Sawyer skied.

To all the world except one, it did appear that Hannah had Cobb blocked with his left foot, and Truck offered his shoe in mute evidence. But Mr. Holmes, being a scientist and diplomat, wiped off the shoe, obliterating this evidence, while during the plate. Vernon players sought to offer other testimony which was far from nuts. On top of this noise came a crash of doubles by Mooney and Yelle and two more runs.

Great defensive work by Ellison nullified a Vernon rally in the ninth. The score:

CLAREMONT, Nov. 16.—When the football season, whether the up in the collar, there is a quarter of a century has passed, the rivalry between the two teams is to be played Saturday at the first time to determine relative strength on the gridiron. In 1914, just two years after the first game had been played from the Claremont hills, the Occidental secured the victory. Occidental won by a score of 10 to 0. It was not until 1920 that the second game was played.

Wear it is Now the Talk
of the Haberdashery World

According to the leading haberdashery of the country, many Americans look like "rubes" and "hicks" because they wear cheap collars because they make poorer selections, wear cheap collars and obtain the wrong shape of America's leading actors and actresses. The hand-tailored pique collar gives the most desirable appearance. He advises the home-laundering of soft collars with a very little use of starch. He also claims that a short-necked man should wear the high or even medium collar, and that all collars should be 1 1/2 to 2 1/2 sizes larger than shirt. His recommendation is a pure white pique collar of the new type. This collar is made of different pique effects and is a size and shape for every man.

CLAREMONT, Nov. 14.—Whatever may be the outcome of a Ford-Chevrolet contest—whether the team wins the championship or not—there is always one battle that is observed in the light of a war of the worlds. It is the ancient, the eternal, the bloody grudge battle with the Occidental Tigers, the conservatives, who closed Saturday of this week at Claremont.

Notre Dame had 2 yards to gain on the fourth down. Ordinarily in a case like this the ball either is rushed or, if close to the goal line, pointed out of danger. But nothing like that happened. A short forward pass was used, and not once did it go astray. That is modern football, but too modern for the majority of the coaches. The conservatives insist on keeping the

SEASONAL WORK
IS ABOUT OVER.
Large Number of Men Will
be Out of Jobs.
No Improvement in General
Employment Situation.
Fishing Season Near Close in
Oregon, Washington.
[BY A. P. MONT WIRE.]
SAN FRANCISCO, Nov. 16.—
Seasonal work responsible for a
great deal of temporary employ-
ment is now drawing to a close,
throwing a large number of work-
ers on an already crowded market
in California, Oregon and Wash-
ington, according to the Octobers
report of the United States De-
partment of Labor, issued here.
"Lumber has shown some im-
provement, but it is yet far below
normal," the report adds. "Iron
and steel are inactive and ship-
building is at a standstill. Build-
ing industry is active and shows
some improvement over last
month. Much unemployment is
found among unskilled labor and
transients."
GAINS ARE OFFSET.
"No improvement is noted in
the employment situation in Cal-
ifornia. Whatever gains have been
made in some industries have been
offset by cessation of some seasonal
activities. Excepting a few crops,
harvesting is over. Most of the
fruit canneries and nearly all of
the fish canneries have closed for
the season, causing a lay-off of 1118
men and 1921 women. Building
trade active. Shipbuilding and
iron and steel industries very dull.
Lumber has improved. A large
surplus of unskilled labor on the
market and increasing daily. Many
transients passing through the
State seeking employment. The
State government is now engaged
in arranging to expedite all State
construction work, most of which
is done under bond issues.
FARMING GOOD IN OREGON.
"Agricultural conditions, includ-
ing dairy, small fruits and grain,
have been excellent and afford
plenty of temporary employment.
The fishing season is about closed.
Building operations continue, also
construction of highways, which
will provide considerable work
during the winter for resident citi-
zens. Retail business reported
much improved. Lumber and al-
lied industries on upward grade.
Very few plants, other than ship-
building, idle. Several working
overtime and full capacity.
HIGHWAY WORK ACTIVE.
"Building and highway work is
very active in Washington. Con-
struction of residences, highways
and office buildings going on in
every part of the State. The ap-
ple crop is ready to harvest and
there is greater call for help, es-
pecially packing and sorting, than
can be supplied. Lumber shows
greater activity on the Coast where
railroad transportation is not nec-
essary to shipment. Shipbuilding
and iron and steel far below nor-
mal. The fishing industry is closed
for the season. Unemployment will
follow the fruit harvest around
November 15 to December 1. Un-
employment continues chiefly in
shipbuilding, iron and steel indus-
try, and unskilled workers."

MAY COLONIZE VAST
ACREAGE IN MEXICO.
LOCAL REALTOR GOES SOUTH
TO INVESTIGATE LANDS
NEAR MAGDALENA BAY.
Possibilities of colonizing about
3,000,000 acres of agricultural land
in Lower California near Magda-
lena Bay are to be investigated
by Carl F. Schader of Schader &
Johnson, Los Angeles realtors. Mr.
Schader left yesterday for Mexico
as representative of an eastern
syndicate, which is reported to own
vast tracts in that section.
Included in the tract are twenty-
four ranches varying in size
from 100,000 to 400,000 acres. The
John Blackman properties near
Magdalena Bay form part of the
section to be visited and other
properties include the Aguirre
ranch near Tepic, the La Labor
ranch in the State of Nayarit and
the Willis S. Hunt ranch near
Culiacan in the State of Sinaloa.
The plan of colonization, accord-
ing to T. A. Johnson, Mr. Schader's
partner, is to place some 50-
600 Italians and Poles on the land.
It was emphatically stated that no
Japanese colonists would be ac-
cepted if the scheme is carried
through. The colonists will be ex-
pected to become Mexican citi-
zens.
Before leaving Mr. Schader said
the proposition did not include oil
or mineral prospects. It is purely
agricultural and colonists will be
placed through agents in New York
and San Francisco. He declined
to say whom he represented in the
deal other than that eastern capi-
talists are interested and financ-
ing has been arranged for if he
finds the situation in Lower Cal-
ifornia to be as represented.
Arthur Blackman accompanied
Mr. Schader on the trip. Mr.
Blackman is a son of John Black-
man, who, years ago, obtained con-
trol of a vast acreage on Magda-
lena Bay with harbor facilities
equal to any possible shipping de-
mand.
Mr. Schader expects to be away
about a month.
TWO-YEAR FEDERAL
SEARCH IS ENDED.
[BY A. P. MONT WIRE.]
OMAHA, Nov. 16.—A two-year
search by Federal agents through-
out the country ended today, ac-
cording to Postoffice Inspector W.
M. Coble, who announced receipt
of a telegram from South Des-
 Moines, Ind., telling of the arrest there of
W. E. Duncan, charged with
using the mails to defraud.
Coble is accused of swindling
Omaha by selling memberships in
the "National Employers' Train-
ing Association." Coble said he
was also wanted on swindling
charges in St. Louis, Los Angeles
and Denver, but that the charges
have been combined and he will be
brought here by a deputy United
States Marshal for trial.

Jap Premier
Once Slave in
United States.
[EXCLUSIVE DISPATCH.]
MONTREAL, Nov. 16.—Japan's
new Premier, Kokiyo Takahashi,
was once a slave in the United
States. This remarkable fact was
announced by Manzo Yoshida, a
Japanese merchant in Montreal.
Premier Takahashi, he says, landed
in San Francisco penniless many
years ago and was sold into slavery
in the mines by a labor agent.
Prince Yaukura, Japanese envoy
on the way to London, heard of the
young Japanese slave and pur-
chased his freedom, giving him
money to go to school. The future
Premier made quick advancement
and after acquiring a thorough
knowledge of English and some ac-
quaintance with American business
methods returned to Japan.
THREE JAP LINERS
HERE IN ONE DAY.
Yesterday, for the first time in
the history of Los Angeles Harbor,
three Japanese passenger liners
were in port on the same day. The
arrival of one, the Yehime Maru,
marks the inauguration of a new
direct service to the harbor from
the Orient, via Australia. The
service is that of the Yamashita
Kisen Kaisha.
The Yehime Maru will be fol-
lowed by vessels of the Y. K. K.
at regular monthly intervals, ac-
cording to a statement by Frank
K. Hitchings, Coast agent.
The Toy Kisen Kaisha liner An-
ro Maru also arrived yesterday
from Portland with a full passen-
ger list for the Orient. She was
preceded out of port last night by
the Osaka Shinohara Kaisha line
Canada Maru, on route to Japan
from Galveston. She sailed with
118 Japanese passengers and a full
cargo, including 30,000 tons of cot-
ton, loaded at the local port.
Two Pacific Mail passenger lin-
ers were also in port at the city
harbor. They are the Cuba, south-
bound on the San Francisco-Hali-
mole run, and the Boulder, home-
ward bound on the same run.
Other off-shore liners in port
yesterday were the Matson liner
Hyades, the American-Hawaiian
freighter Kentuckian, the Lucken-
bach liner Julia Luckenbach and
the Atlantic, Gulf and Pacific
freighter West Haven.

YOUR GRAY HAIR
Use Grandma's Sage Tea and
Sulphur Recipe and Nobody
will Know.
The use of Sage and Sulphur for
restoring faded, gray hair to its nat-
ural color dates back to grandmother's
time. She used it to keep her hair
beautifully dark, glossy and attrac-
tive. Whenever her hair took on that
faded or stiff, faded or streaked ap-
pearance, this simple mixture was applied
with wonderful effect.
But beware at home is messy and
out-of-date. Nowadays, by asking at
any drug store for a bottle of "Tree
Tea" and Sulphur Compound, you
will get this famous old preparation,
improved by the addition of other in-
gredients, which can be depended upon
to restore natural color and beauty
to the hair.
A well known downtown druggist
says it darkens the hair so naturally
and evenly that nobody can tell it has
been applied. You simply dampen a
sponge or soft brush with it and draw
this through your hair, taking one
strand at a time. By morning the
gray hair disappears and, if applied
other application or two, it becomes
beautifully dark and glossy. (Adver-
tisement.)

You don't have to coax
big and little folks to eat
Kellogg's Corn Flakes
Just as soon as you serve
Kellogg's you'll note fussy and
faded appetites getting mighty
sharp; you'll find big bowls being
handed back for "just a few more
Kellogg's, mother—they're
wonderful!"
And, that'll make you glad, for
Kellogg's Corn Flakes are a great
speed-start for the day's doings!
They make for health and happy
digestions! Kellogg's are never
leathery or tough, but always joy-
ously crisp!
Kellogg's—the original Corn
Flakes—will be a revelation to
your taste if you have been eating
imitations! For your own enjoy-
ment, do this—compare the big,
sunny-brown Kellogg's Corn
Flakes with other "corn flakes."
Eat some of Kellogg's—then try
the imitations! You'll realize
then why Kellogg's Corn Flakes
are the largest and fastest selling
cereal in the whole world!
Do more than ask for "corn
flakes." Insist upon KELLOGG'S
Corn Flakes in the RED and

NUXATED IRON
Helps make rich red blood
and revitalizes weak nerves
WEAK NERVES
and THIN BLOOD
RUIN HEALTH OF THOUSANDS
WITHOUT THEIR EVEN BE-
GINNING THE REAL CAUSE
OF THEIR TROUBLE—
IRON STARVATION
An enormous number of people who
ought to be strong, vigorous and in
the prime of life are constantly com-
plaining of weak nerves, headache,
pains across the back, disturbed sleep,
loss of appetite, general "run-
down" condition, melancholy, bad
memory, etc., all as a result of iron
starvation of the blood.
There are 3,000,000,000 red blood
corpuscles in your blood and each one
must have iron. Without iron your blood
loses its power to change food into
living cells and tissues, and without iron
you do not get the proper amount of good
meals for three times per day after
it and as a consequence you become
greatly weakened both in body and
mind.
If you are not strong or well you owe
it to yourself to make the following
test: See how long you can work or how
far you can walk without becoming tired.
Next take two five-grain tablets of Nux-
ated Iron three times per day after
meals for two weeks. Then test your
strength again and see how much you
have gained.
Over 4,000,000 people annually are suf-
fering from iron deficiency. It will not harm
your teeth or disturb the stomach, because
it is organic iron like the iron in spinach,
lettuce and apples and not synthetic iron
which people usually take. Your money
will be refunded by the manufacturer if
you do not obtain satisfactory results.
Nuxated Iron is on every package and the
letters N. I. on every tablet. Sold by all
druggists.—(Advertisement.)

For Firm Flesh "Pep" That Makes Men Win Take Mastin's Yeast Vitamon Tablets

How This New Discovery Helps Increase Weight, Put Fresh Energy Into Tired Bodies, Clear the Skin and Correct Constipation—Easy and Economical—Results Quick

If you want to put some firm, healthy, "star" flesh on your bones, increase your energy, nerve force and power, clear your skin and complexion and feel far better, try this simple test: First weigh yourself and measure yourself. Next, take Mastin's VITAMON—two tablets with every meal. Then weigh and measure yourself each week and continue taking Mastin's VITAMON Tablets regularly until you are satisfied with your gain in weight and energy.

Because they fail to get from what they eat enough of the "health-giving" strength-building vitamins contained in fresh yeast, as well as those found in raw milk and liver oil and certain fruits and vegetables, thousands of men are not living up to their possibilities. Yet, science has found a simple easy way to supply all three of these precious vitamins in the convenient easy-to-take form known as Mastin's VITAMON Tablets. So great has been the success of these tiny tablets in quickly building up weakened, nervous, run-down folks and putting the system in fine condition that they are today being used by millions.

By increasing the nourishing power of what you eat Mastin's VITAMON Tablets supply just what your body needs to feed the "shrunken" tissues, strengthen internal organs, clear the skin and relieve shattered nerve forces. Under their influence pimples, boils and disfiguring skin eruptions seem to vanish as if by magic and the complexion becomes radiant, clear and beautiful. Mastin's VITAMON Tablets do not upset the stomach or cause a bloated feeling; on the contrary they aid digestion and by acting in a natural way as a general conditioner of the whole system help to put on firm flesh, correct constipation and increase energy.

Important! While the amazing health-building value of Mastin's VITAMON Tablets has been clearly and positively demonstrated in cases of lack of energy, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. Be sure to remember the name Mastin's VITAMON—the original and genuine yeast-vitamine tablet—there is nothing else like it, so do not accept imitations or substitutes. The name MASTIN'S on the yellow and black package is your protection. You can get Mastin's VITAMON Tablets at all good druggists, such as

All Owl Drug Stores.

(SPECIAL DISPATCH)

SAN FRANCISCO, Nov. 16.—The actual trial of Roscoe (Fat) Arbuckle, accused of causing the death of Virginia Rappe, on a charge of manslaughter, will be launched in earnest Friday morning. That a satisfactory jury will be completed by the close of tomorrow's session was indicated today by the latest developments in the selection of jurors.

Twenty-six talesmen have been questioned. Fourteen have been excused. Of the fourteen the prosecution has rejected three by peremptory challenge. It has but two peremptories left. The defense has exercised only two of its peremptory challenges.

"We've not 'em, suit to two," Arbuckle chuckled in a husky voice at the close of the day's proceedings.

JURORS ELIMINATED.

Of the five jurors eliminated by peremptory, two were women and three were men. The prosecution shunted, one woman and two men from the jury; the defense one woman and one man. The remaining nine persons were excused for various reasons. As the jury now stands, three women and nine men fill the jury box. Three women and eight men have been temporarily accepted. Only peremptory challenge can remove the ninth man who is in the middle of examination when court was adjourned tonight.

Those on the temporary jury are as follows: August Fritz, traveling salesman; John J. H. Dierks, former liquor dealer; Henry J. Reel, expert accountant; George R. Morgan, marine insurance adjuster; Peter Hansen, retired liquor dealer; C. A. Ballentine, retired merchant; Fred Kugeler, retired liquor dealer; William H. Torrey, retired business man; Louis Meyer, retired mercantile dealer; Mrs. Helen Hubbard, Mrs. Kith L. McDonald, Mrs. L. F. Sanden.

TO DISMISS WOMEN.

At least one, possibly two, of the women, will be dismissed by peremptory challenge. Two of the men may be rejected. This will undoubtedly be accomplished today by an average of eight prospective jurors are examined in the course of a day. If no more than seven or eight jurors are excused by peremptory challenge, the Arbuckle may possibly go on trial late tomorrow.

Today's grueling battle brought out from the prosecution the names of all the defense witnesses.

ALL ULSTER IS AFLAME.

Loyalists Protest Lloyd George Plan: Will Have No Traffic With Sinn Fein; Reply Due Today.

(BY CABLE AND ASSOCIATED PRESS.)
BELFAST, Nov. 16.—Ten thousand loyalists in three meetings tonight emphatically protested against the British cabinet's treatment of Ulster. Great enthusiasm was displayed.

The Lord Mayor of Belfast, speaking over the principal meeting, declared Ulster never would be the vassal of a Sinn Fein parliament. Resolutions to this effect adopted included one confidently relying on the Liverpool conference to repudiate the idea of placing Ulster under the dominion of an all-Ireland parliament. The mention of Lloyd George's name was greeted with groans.

A resolution was also adopted endorsing the action of Sir James Craig, Ulster Premier, and his colleagues in the peace negotiations.

REPLY IS DUE TODAY.
(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Nov. 16.—Development of the Irish negotiations seems to hang on the decision of the Ulster conference at Liverpool and an indication of what

two points the prosecution challenged him.

CHALLENGE RESISTED.
Attorney McNab resisted the challenge. Judge J. J. McLaughlin then used one of his peremptory challenges to remove him from the jury box.

During this fit U'Ren asked Mr. U'pham if it appeared that an attorney would be called to take depositions of certain witnesses for the sole purpose of attacking the character of Virginia Rappe, would he be considered that along with other evidence?

Attorney McNab replied with a similar question.

The juror that he had said two days prior to the arrival of the defense attorney in the box and had interviewed those same witnesses, and had succeeded in getting those interviews published, thereby injuring Miss Rappe's character, would that be the juror against the defense? Judge

Louderback forbade the retort to be uttered in the court record.

Mrs. Beattie Peters, wife of a truck driver, was next called. She was excused by consent of both sides because ill, but not before she was able to state that she had an opinion Arbuckle was innocent.

REPLIES BRING LAUGHS.
Mrs. Peters's chair in the jury box was given to Fred Kugeler, a retired liquor dealer. Three former liquor dealers now sit in the box. Mr. Kugeler's replies to "Red" caused considerable mirth in the courtroom.

Mr. U'Ren asked the juror to pay attention to the case, hadn't read the papers, nor had he ever seen the juror.

"Is your wife of the same mind as yours?" he was asked.

"How long have you been married?"

"Thirty-three years."

Arbuckle came into court today with additional ammunition. He first rubbed salt in the wound. Two days of squirming and fidgeting in the courtroom had caused him to shed a pound. A new one was entwined around his fat fingers today.

Minna, his wife, and Mrs. Flora Durfee, his mother-in-law, have been present during every hour of the trial. Each noon his wife invites him out to lunch. He has thus far declined.

"Want to stick with the boys," is his reply.

JUST DINNER PARTY.
According to statements made by defense counsel in court, the "old one" at the Grand Hotel is gradually taking on the complexion of an ice cream social. It is now spoken of as a dinner party. Members of the "boom" party of earlier reports are now "convivial persons."

The "boom" was spoken of as wine. Earlier in the day Judge Louderback halted the proceedings to announce the disappearance of his books of notes on the trial, requesting the person who took it to kindly return it.

"Was it a red book, Your Honor?" asked Mr. McNab.

"Well, I took that."

"That's one thing that Mr. McNab can't charge to the prosecution," then the hallist got busy.

NO YOUNG MEN.
The prosecution, by dismissing Sidney A. Goldtree, indicated that the District Attorney does not prefer young, unmarried men on the jury. Mr. Goldtree was regarded by disinterested spectators as an ideal defense juror. So did the prosecution, and they dismissed him.

WOMAN QUESTIONED.
Two days ago Mrs. Edith Unsworth was temporarily passed as a juror. This morning she was smashed a hornet's nest in the courtroom. He declared, though Mrs. Unsworth had publicly stated under oath she never discussed the Arbuckle case, and had formed no opinion either of guilt or innocence, she had, nevertheless, formed that, notwithstanding her sworn statements, Mrs. Unsworth had expressed an opinion of innocence prior to being called on the panel, had uttered a desire to get on the jury, and had urged a woman friend to pray for her.

Mr. U'Ren asked a reopening of her examination.

"Did you express such an opinion of innocence?" he asked her.

"I did not," she replied.

"Did you express a desire to get on this jury?"

"I did say I would like to—but simply to hear the arguments of these wonderful lawyers."

CHARGE DENIED.
"Did you say you believed the defendant was innocent?"

"That is positively untrue."

"Did you ask anyone to pray for you to get on this jury?"

"I have an aged friend who is very pious. She advised me she should pray for me. I told her 'yes' but for no particular reason other than to hear these wonderful gentlemen."

The Deputy District Attorney declared the juror was biased and could not be a fair and impartial juror.

Attorney Cohen of Los Angeles arose and said he had accused the prosecution of trying to impeach the juror, that the juror should be thrashed out immediately.

U'Ren said he would produce affidavits substantiating his charge, and that the juror was dropped for the present.

Peter Hansen, retired liquor dealer, was the second taleman to

PLAN MONUMENT OF ROOSEVELT.

Will be Erected on Ancon Hill, Overlooking Panama Canal.

BY CABLE AND ASSOCIATED PRESS.
PANAMA, Nov. 16.—A monument to Theodore Roosevelt is to be erected on Ancon Hill, overlooking the canal, in whose construction he took such a great part. The idea, which was originated by J. H. Greaser, Canal Zone swimming director, has been approved by the authorities.

be called. During the interrogation McNab's hypothetical questions brought the third member of the District Attorney's forces to his feet. He is Dep. Dist. Atty. Friedman, a youthful orator of the bantam rooster type. When he roared in a fashion that fairly rocked the Hall of Justice, he reminded one of a little ripple endeavoring to pulverize the rock of Gibraltar, the suave and mild-tempered legal eagle—McNab.

Mr. Hansen was temporarily accepted. Next to be shunted from the jury box was Victor S. Person, a civil engineer, who had "some ideas" which were favorable to the defense.

C. A. Ballentine, well advanced in years and retired, was temporarily accepted as a juror. The most startling portion of his examination was his confession that he had never seen Arbuckle nor for on the scene.

Mr. Unsworth was later dismissed with a peremptory challenge by the prosecution, though the prosecution had previously temporarily passed her.

BANK BANDIT SENTENCED.

PONCA (Neb.) Nov. 16.—Mike Casey, 24 years old, of Fordyce, Neb., was sentenced today to twenty years in the penitentiary and Harold Ross, 21 years old, of Sioux City, and Fred Stewart, 31 years old, of address, to ten years each, for robbing the bank at Fordyce last Thursday morning.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemias from the time I was sixteen years old and was very irregular. If I did any house cleaning or washing I would faint and have to be put to bed, my husband thinking every minute I was going to die."

"After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sensitive Wash, and have never felt better than I have the last two years. I can work, sleep and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they saw me what made me strong I tell them Lydia E. Pinkham's Vegetable Compound. Use this testimonial at any time."

Mrs. ELIZABETH SMART, 16 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

MOTHER!

Open Child's Bowels with "California Fig Syrup"

Even a sick child loves the "Fruit" taste of "California Fig Syrup." If the little tongue is cross, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! If you must get an imitation Fig Syrup—[Advertisement]

BRIAND DISCUSSES CHINESE PROPOSALS.

**SEEM TO LACK DEFINITENESS.
PREMIER DECLARES; GIVES
OPINION ON LAND FORCES.**

(BY A. F. MORSE.)

WASHINGTON, Nov. 18.—French delegates commenting on the Chinese proposals agree they form a suitable basis for the discussion of the Far Eastern question. The proposals to them, however, seem to lack definiteness except as to principle and it is presumed that the Chinese delegation will take an early occasion for suggesting specific settlement of the outstanding Mongolian, Manchuria and other disputed problems. Premier Briand, while not saying anything concerning the Chinese proposal, commented on the general outline of his speech about the French army.

"France being isolated," he said, "is in a different position from America, Great Britain and Japan, and the limitation of naval armaments. Those countries are friends and they propose as friends to limit their armaments to reach a reasonable and equitable restriction France is not in such a relation to Germany. Consequently France is obliged to reserve herself to reach and insure her security as seems to her sufficient."

FLAXSEED MARKETS IN THE NORTHWEST.

(DECLARED DEFICIT.)

DULUTH, Nov. 18.—Heavy selling from the Duluth elevators during the past part of the week has caused further reduction in price. The flax seed market here was quiet today. The price at 1760, said; December, 26, of 17 1/2; January, 26, of 17 1/2; March, 26, of 17 1/2; May, 26, of 17 1/2. On track, 17 1/2.

MINNEAPOLIS, Nov. 18.—Flax demand good here. Flax seed, 197 1/2 to 200; Minnesota cash, December 7, said; last year, 10 cash.

RELIEF FOR CROWDED COURT CALENDARS.

WALSH BILL, IF PASSED, GIVES SOUTHERN CALIFORNIA ANOTHER JUDGE.

(SPECIAL DISPATCH.)

WASHINGTON, Nov. 14.—Southern California will gain one additional judge if the Walsh bill creating twenty-three additional Federal judges becomes a law. The bill has the support of the administration and is designed to relieve the congestion of court calendars due largely to prohibition prosecutions. The bill is drawn on the recommendations of Attorney General Daugherty and Chief Justice Taft, who explained to the committee the need of assistance to clear the court cases which have piled up in communities in which are growing greater daily.

An additional judge is also provided for the northern district of California. Already candidates are shying their hats into the ring both in the north and southern districts, and one of the south to be announced in Replin C. Swamfield, of Long Beach.

HOPE BRITISH WILL AGREE TO HOLIDAY.

(BY A. P. MORTIMER WIRE.)

WASHINGTON, Nov. 14.—Hope that the British naval experts would be able to see their way clear to give effect to the American plan for a ten-year naval holiday was expressed today by high British authorities.

But until these experts complete examination of the American proposals and make their report to the British delegates, none of the latter feel they can express any opinion as to its feasibility.

DAILY TRADE TALK.

Two Pertinent Questions Answered; Cheaper Turkeys for Thanksgiving; Stocks and Bonds Review.

BY CHAPIN HALL.

How is business and what is prosperity?

These two all-important questions are asked by the Financial and Business Summary issued by the Citizens National Bank, which will be out in a few days. The conclusion is reached in answering the first interrogatory that business from the long pull outlook is fundamentally sound. This is not held to mean that business will necessarily be a long time heating back, but that the possible period of satisfactory trade and business activity is going to be just as far away as we choose to hold it through following uneconomic methods.

Coming to the question of prosperity the Review will say that this is not a ready-made condition into which we may move and proceed peacefully to enjoy. Indeed, through economic evolution the factors conducive to an improved financial and commercial situation are produced. With these factors given, as we are placed on probation, as it were, for a duration of time which is generally classed as an improvement period. This probationary period lasts until the total of sound constructive business effort outweighs the total of unsound effort. When that time arrives we have prosperity.

Furthermore, the prosperity period will be materially lengthened and the duration of probation greatly shortened as the number of individuals contributing to the total of sound business effort increases. In other words, if we all turn in now and thoughtfully use the present-time healthy factors of business as tools with which to build the conditions we so much crave, the process will teach us to realize that desirable period when our wisely directed activities have brought it about.

Concerning freight rates it seems probable to the reviewer that more trade stimulating effects from lowered rates are being expected than will materialize. For the reason that the present is a buyer's market those commodities in which freight is a large item will not move with the freedom they did before it seemed certain that rates would be reduced.

From the standpoint of wholesale prices the world over, commodities seem to have reached a point of stabilization. By this it is not meant that they have come to a fixed level or that they are as low as they will ever go. Instead the indication is that their travel will be more sidewise than a long pull tendency downward rather than either steadily upward or downward.

Those Doubting Thomases who needed final proof of the fact that the investment market has been for several months in a major trend upward, seem to have seized upon the recent lowering of the Federal reserve rediscount rates as the sign for which they had been waiting. Their buying activities were immediately followed by a sudden pick-up in bond prices, particularly in Liberty Bonds and public utilities, and to some extent over the rest of the field. This burst of confidence has, as a matter of fact, driven prices to a point where they are very apt to receive a considerable setback, though the fact that the principal gains were confined to the more reliable issues will minimize such possibilities.

SUMMARY.
In summarizing the month's business and economic showing the following interesting conclusions are arrived at:
Commodity Index—November figures an increase registered; the fifth consecutive movement in this direction.
Failures (Dun's)—October figures an increase registered. The movement is a seasonal one.
Pig Iron Production—October figures an increase registered.
Unfilled Steel Orders—November figures a decline registered, but has little meaning at this time since the decline is largely due to the anticipation of lower freight rates.
Debits to Individual Accounts—October figures an increase registered. This continues to be an indicator of a sound business outlook.
Yield of Twenty Bonds—November figures a decrease registered, a movement which still indicates the progress of business; a program in the direction which monthly signals the investor to quickly complete his accumulations.

Balance of Trade (Bradstreet)

October figures an increase registered.

THANKSGIVING CHEER.

A few days ago Trade Talk printed a review of the turkey situation which led to the silver-tipped hope that the great American Thanksgiving menu headliner would again come within the knockout reach of the average pocketbook after a vacation extending over a period of years during which only movie kings and queens could afford to eat of the light meat.

Because of the hold-up methods practiced last year and which practically closed the market there was a heavy storage holdover which had to be unloaded this year. This condition, coupled with reported heavy importations of Australian birds, and some effort to retrieve their losses; aim to pay much less this year, and will work together to keep prices down.

Commission men, on the other hand, will fight to keep prices up, but if shipments are heavy, beyond what the retail buyers can use, then the packers will have their way, and prices will go down; how low depends on the amount of birds that the commission men will be forced to sell to the packers.

A statement issued yesterday, Harry S. Maddox, chief of the State Department of Agriculture, division of markets, said that the flat statement credited to a number of commission men that large shipments of Australian turkeys is expected, no exact information can be obtained regarding this invasion of foreign birds.

Neither the Federal nor State authorities have any information regarding such shipments.

THE STOCK MARKET.
The local market yesterday was narrow and without material price changes. Mines were the most active on the list with Tom Reed selling up to 28 cents. Industrials were among featured by Los Angeles Investment's high at 97 1/2 cents. Goodyear preferred sold up to \$4.00 and California Edison to \$2.75. In the oils Union of California sold at 152.75, and Republic Petroleum was back to 24 or downward.

Eastern advices state that there is considerable surprise because the market has not reflected the more of an upward jump the constructive nature and probable tangible results of the Washington conference. It is pointed out that this is due to the technical position of the market which has all ready had a six weeks rise, some very intelligent profit-taking, and also to the fact that at the moment the effect of the cancellation of naval contracts would be to increase unemployment in shipbuilding and munitions lines, although the broad benefits would shortly follow. There is still a strong investment demand which is steadily advancing the bond market.

There appears reason for at least passing interest in the statement that the Royal Dutch is seeking power to pay dividends in shares instead of cash, and that Senator Smith of South Carolina, estimates that the 1921 cotton loan in the Southern States from boll weevil will be \$700,000,000, a phase of the cotton situation from which California and Arizona are free.

DURANT MOTORS.
In a circular issued to the stockholders of the Durant Motors, Inc., made public yesterday by Harry K. Fawkes, district manager of the company, M. B. Lahey, general sales manager, states that during the 141-day period up to October 22, contracts had been signed for 14,817 four-cylinder cars and 6025 six-cylinder cars, or a total of 20,842 cars, deliveries to be made from November 1 to July 31, 1922. The value of these cars is approximately \$21,000,000. Mr. Lahey estimates that sales for the next nine months will total not less than

QUICK STOCK RECOVERY.

Hurried Retreat of Professional Speculators, When Securities Take a Sudden Rise.

BY ALEXANDER DANA NOYES.

(EXCLUSIVE DISPATCH.)

NEW YORK, Nov. 16.—To what extent today's rapid recovery on the stock exchange resulted from the course of events at Washington, it will probably be easier to say a few days from now.

The outstanding fact was the hurried retreat of professional speculators for the decline which had been selling for future delivery were suddenly bid up, apparently by strong financial interests. The same thing happened in the same foreign exchange market, with the result that sterling crossed the 4 mark on the upgrade, and for the first time since late May, and before the day was over had reached a rate of 4.66 1/2, which was not only the highest since the day of the sixth of April, 1920.

ACTION OF EXCHANGE.
This action of exchange on London was in some ways more indication said even at present, naval construction takes only a fraction of 1 per cent of the yearly steel output of the United States. At Washington have been favorably regarded by manufacturers of steel and other products, the standpoint of ultimate benefit to the industry.

CHAPMAN UNION ISSUE.

A premium of \$1650.10 offered by the California Bank bought the \$20,000 issue of Chapman Union High School Bonds. Other high bidders were the National City Company, who offered a premium of \$2222; C. F. & Co., \$2108, and the Bank of Italy, \$2048. Eight other bids were received by the Board of Supervisors of San Bernardino County. The California Bank's bid amounted to a purchase on a \$20 per cent basis. The bonds have an average life of thirty and one-half years.

BANK SOCIAL.

California Bank employees entertained their friends last evening with a dance given in the Knights of Columbus auditorium under the auspices of the bank's social club. Officers of the bank and their wives acted as patrons and patronesses.

Before the dance G. M. Alexander, newly elected cashier, addressed the employees, requesting their earnest co-operation in the building up of an efficient service for customers.

During intermission, Fred Swensen, formerly superintendent of branches, who has assumed the management of the new business and advertising departments, spoke on the future growth of California Bank which was to come through the advantages of the branch system.

The hall was artistically decorated in the bank's colors of blue and gold. Music for the occasion was furnished by the California Bank Orchestra.

T. M. Perry, manager of Hollywood branch, chairman of the social club, and Beale M. Newby, secretary, were largely responsible for the success of the program.

NEW YORK STOCK EXCHANGE

NEW YORK STOCK EXCHANGE			
NEW YORK, Nov. 16.—Continued ease of money, signs of pronounced improvement in industrial conditions, and the strength of the British exchange were factors in today's active, broad and generally higher stock market, sales approximating 1,000,000 shares.	Oils of the domestic type, especially the Standard Oil group, especially trading at extreme gains of two to over ten points. Royal Dutch was the one exception, showing heaviness on reports that dividends are to be paid in stock instead of cash.		
Events at Washington were followed with interest, but the speculative interest, which was driven to cover, appeared to have concluded that eventually the disarmament proposals would prove a bullish argument.	Sterling exchange crossed 400 for the first time in nearly six months, representing a gain of about 6 cents to the pound from the week's low. French, Italian, Belgian and Dutch bills also were irregularly higher and German marks displayed more stability.		
Call loans opened at 4 1/2 per cent for the first time in nearly a month and that quotation again was reduced to 4 per cent in private negotiations.	Appreciable gains were made by Liberty issues and the bond list was inclined to strengthen. Total sales, par value, \$17,750,000.

TAX BATTLE COMES TODAY.

Senate Sur Rate to be Up
for House Vote.

Insurgents and Democrats
Highly Confident.

Conferees Agree to Many
Bill Amendments.

WASHINGTON, Nov. 16.—The big issue in the tax revision bill—the Senate amendment fixing the maximum surtax at 50 per cent—is to come to a vote tomorrow in the House.

Speakers for "insurgent" Republicans and the Democratic minority expressed confidence they could muster the necessary votes to retain the high rate. While making no predictions, Republican leaders generally were hopeful that ultimately there would be a compromise as between the Senate rate and the House rate of 25 per cent, probably around 40 per cent.

AGREE ON AMENDMENTS.

After the House has expressed itself on the surtax amendment, the conferees will proceed to dispose of the other high spots in the bill.

The conferees today agreed to Senate amendments striking out House provisions for a 10 per cent surtax on the income received by foreign traders and foreign trade corporations from sources outside the United States. It was the understanding that the conferees would accept the Senate provision for a 10 per cent surtax on the income received by foreign traders and foreign trade corporations from sources outside the United States.

It is often tax-exempt or at least subject to no great tax burden. It is obtainable in denominations of various sizes—generally from \$500 upward—maturities ranging from one to twenty-five years. You can distribute your money in government bonds, municipal bonds, corporation bonds and miscellaneous bonds, such as farm land, real estate and irrigation district bonds. Write or call for our free booklet, "How to safely invest \$500 or \$500,000."

Buttons the Plaster to the Wall

Think of any method of fastening two things together as they will stay fastened. Think of words like "buttoned," "riveted," "clinched." Imagine the plaster fastened to your walls so that it will be both buttoned and welded—both riveted and clinched—and you have an idea of why walls made with Buttonlath are so wonderfully durable and permanent.

It's the buttons that give Buttonlath its name. It's the buttons that do the work. They grip the plaster mechanically while at the same time combining with it to form a perfect union.

MRS. MARY WILHELM, Pittsburgh, Pa.

"No matter what I should say about Tanale, it wouldn't be half good enough," said Mrs. Mary Wilhelm, 716 Mt. Way, South Side, Pittsburgh, Pa.

"I never dreamed it possible for a medicine to restore me to the splendid health I now enjoy. In fact, I had almost resigned myself to being an invalid, as I could see I was losing weight and strength every day, and no relief was in sight. For three years stomach trouble, headaches and nervousness made my life miserable.

"The first bottle of Tanale acted almost like magic and it wasn't long until I was as well and strong as I ever was. I can hardly realize it now, but I had known a sick day. I am like a different person in every way now, eating, sleeping, feeling and looking better than I have for years.

"Tanale is sold in Los Angeles by The Owl Drug Co. and by leading druggists everywhere." (Advertisement)

"Diapepsin" for Bad Stomach, Indigestion

Five minutes your stomach feels fine. Don't bother what upset your stomach or which portion of the food did the damage. If your stomach is upset, uneasy and upset, and what you just ate has forced its way into stubborn lumps; head aches and aches; you belch gases and acids and eructate undigested food; if your food is a mass of lumps and in five minutes you wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the delicate organ regulated and they eat their favorite food without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a mass of lumps and in five minutes you wonder what became of the indigestion and distress. Buttons the Plaster to the Wall

Think of any method of fastening two things together as they will stay fastened. Think of words like "buttoned," "riveted," "clinched." Imagine the plaster fastened to your walls so that it will be both buttoned and welded—both riveted and clinched—and you have an idea of why walls made with Buttonlath are so wonderfully durable and permanent.

It's the buttons that give Buttonlath its name. It's the buttons that do the work. They grip the plaster mechanically while at the same time combining with it to form a perfect union.

MAVERICK He is known for about 20 years as a jurist in the Butte county courts. He is a native son of California and was one of the best-known jurists of the bar.

WORKED ON FARM. He was born in Butte county in 1868. He spent his time both at home and in the country schools and on his father with work on the farm. He was graduated from the University of California in 1891, attaining high honors. He paid his way through college by working as a newspaper and upon graduation the state university entered the law office of a prominent attorney from which he was

ated in 1894. Following several years of law practice, he was elected to represent the Fifth Assembly District. Frederick H. Tyler, San Francisco attorney, was named to suc-

The People and Their Daily Troubles

DOROTHY DIX TALKS

Independent Old Age.

BY DOROTHY DIX.

The other day an old woman brought suit to compel her son to support her, and in the trial of the case it was proved that he had persuaded his mother into feeding him all of her property, and had then turned her out of house and home.

The woman had been left comfortably off by her husband, but her son had wheedled her into giving him every penny she possessed by telling her how much money he could make if he only had a little more capital, and how he would take care of her, and love and cherish her, and how she would always be the most honored guest in his house. He and his wife rubbed and purred over her, and overwhelmed her with attentions, until they got her money in their greedy hands; and then made a servant of her, and finally weaned her altogether and sent her to an Old Woman's Home.

I hope all the old ladies in the country with a bit of money of their own, will read the story of this trial, and then cut it out and put it between the leaves of their Bibles, where they will see it every day of their lives. It ought to go along with the proverbial saying that the wisest man who ever lived could give them no more sagacious counsel than they will find in this little incident.

Indeed, one does not need to be a Solomon to say to all parents, and especially to all old mothers, to keep a strangle hold on their own pocketbooks, and never to turn them over to their children. If they want to keep their children on their good behavior, and be persons grata with their in-laws, let them keep their own money. For between mother and father who are independent, and mother and father who are dependent, between mother and father who have gifts to give, the mother and father who have to be taken care of, there is a great gulf fixed.

Of course parents who are tempted to impoverish themselves for the sake of their children, delude themselves by thinking that Mary and John will repay them by their gratitude. A cynic has defined gratitude as "A lively sense of favors to come," and this is just as true, of one's children as it is of strangers.

As long as there is more to come, Mary and John do give a spirited exhibition of thankfulness, but when the old hands are empty, and there is nothing more to look for, Mary and John quit registering gratitude; with suddenness that takes away mother's and father's breath. No matter how they come by it, the property is now theirs, and they have no hesitation about letting mother and father see that they feel them burdens, or as they are unwelcome in the very houses they have given away.

We have all seen this happen a hundred times. Not one of us but can tell stories of some old man who turned his business over to his sons, and was then kicked entirely out of it, and made to feel an interloper every time he came

country with around. Not one of us but knows some old woman who died, her house, or her farm, to her son or daughter, and was afterwards made a slave in it, nothing but a nurse for the grandchildren, or an unpaid cook. None of us but who can tell of old people who have given their sons, or son-in-laws their money to go in business on, and are now ill-treated dependents, bedridden the very food they eat.

It is a sad commentary on human nature that very few relationships stand the money-test, but it is true that the love of the dollar among the great majority of people is stronger than any family affection.

The children that parents are proudest of, and fond of, are the loved father and mother, the most honored and respected are those who are independent of their children, who have their own homes and their own incomes.

Why do real musicians not set in motion a counter-movement against all this bastard innovation? With the opening of Low's new theater I note many extravagant eulogies of its beauty. In my opinion the architectural exterior is beautiful, the coloring being too heavy and unbroken, the lines too monotonous and flat, whilst the two entrances are only worthy of a decent movie theater on Main street. The building itself may look massive and imposing enough, but this is simply due to its great height; as height is symbolical of a beauty of its own it is in this alone which reduces the theater from the commonplace and ugly. The interior I have not yet seen.

As it is intended to vulgarize, the theater by allowing smoking in certain sections, why not the limit and seek to please all the different persons by enclosing tobacco and gum chewing and have concessionaires to sell hot dog sandwiches, peanuts in their shells and crackernuts, pop corn, and thus fill the entire theater with a wondrous medley of tobacco smoke,

who would not hesitate to strip her mother-in-law to the skin to get money in which to flaunt around in herself.

The moral of all of which is: If you want to have a happy and respected old age, and to keep your children and your in-laws affectionate and dutiful to you, keep your money and make it worth while for them to cherish you.

LETTER TO "THE TIMES."

San Francisco.

LOS ANGELES, Nov. 14.—[To the Editor of The Times:] In the recent shown against "Main Street," the novel by Sinclair Lewis, is there not revealed therein a certain confusion or admission, that the American mind is not captivated by the beauty of life, yet loves to prize itself on its ideal beliefs? But practice must square with theory before any true harmony can arise.

Now whilst freely admitting that Los Angeles has many claims to beauty, as revealed in its luxurious public parks and many public buildings, yet there are many aspects in its public life which are an offense to nobler ideas.

Last week I visited the art exhibit at Exposition Park and whilst making a tour of the large room, the bewildering thought came to me as to whether the exhibit represented a new art movement known as "class paintings," so loud, gaudy and barbaric were the lines of coloring, with only one or two with any real purity of execution. Possibly the paintings were symbolic of the present class in music, of which the less said the better, with the exception of a few better selections thrown in as a sop to real music lovers, the music of today, as played by the city orchestra, represents nothing more than a mixture of foolish noises, discordant banding of the drum, loud clashing of the cymbals and idiotic blowings of the cornets and the trombones.

The children that parents are proudest of, and fond of, are the loved father and mother, the most honored and respected are those who are independent of their children, who have their own homes and their own incomes.

Why do real musicians not set in motion a counter-movement against all this bastard innovation? With the opening of Low's new theater I note many extravagant eulogies of its beauty. In my opinion the architectural exterior is beautiful, the coloring being too heavy and unbroken, the lines too monotonous and flat, whilst the two entrances are only worthy of a decent movie theater on Main street. The building itself may look massive and imposing enough, but this is simply due to its great height; as height is symbolical of a beauty of its own it is in this alone which reduces the theater from the commonplace and ugly. The interior I have not yet seen.

As it is intended to vulgarize, the theater by allowing smoking in certain sections, why not the limit and seek to please all the different persons by enclosing tobacco and gum chewing and have concessionaires to sell hot dog sandwiches, peanuts in their shells and crackernuts, pop corn, and thus fill the entire theater with a wondrous medley of tobacco smoke,

of highly scented chewing gum and the cracking of peanut shells and crunching of popcorn, and the accompaniment with such jazz as may be played by the orchestra. Surely democracy or humanity, as at present constituted, is a far-sighted institution.

J. C. DUBOIS.

Take Their Care.

LOS ANGELES, Nov. 14.—[To the Editor of The Times:] (The Editor of The Times) I am writing you this. Ask it shamelessly in the very presence of those who have returned and instead of meeting with the perpetual glad hand of fellowship and help, they meet only a wave of boisterous welcome that dissipated itself as quickly and effectively as a breath of fog before a roaring wind, and to our everlasting shame, they have been speedily forgotten!

They are among us yet, these our heroes, maimed, helpless, undone. They are not dead, but dying. They need our help now, not after they have passed away. Instead of the wreath on the freshly-turned earth they expect the fulfillment of promises they expect encouragement and help, not grudgingly but magnanimously. Oh, my nation, where is thy heart!

Bonus bills may be refused but the real heart of the American people, thank God, is not dead, and I earnestly believe there will rise up such a demand among the people that will forever glorify them in this—that they have not been derelict in their own sacred duty—that of adequately caring for these maimed and health-bringing heroes who have returned among us from that horrible field of carnage.

Every intelligent person will admit that this is a most serious situation. The only adequate explanation of the failure of our officials to "make the punishment fit the crime" is that they are themselves victims of the malignant disease, therefore, see things from the inside. If, as has been claimed, police judges are to blame, with their gross neglect, or justices, etc., we still have the necessary implements to throw them out and replace them with men who will do their duty. Our only recourse is to put in officials who are immune to the prevailing disease, who will automatically deprive people of all sense of right and wrong as well as of the commonest courtesy.

During a period of observation extending over several years I have seen but three motorists voluntarily reduce speed to permit pedestrians to cross a street in safety. Practically all drivers rely exclusively upon their horns, whistles, or their speed in manipulating clutches and brakes. Danger to themselves is quite a different matter, and calls for urgent action, so low have humans fallen from the effects of the prevalent disorder.

C. V. R. VINCENT.

What About the Living?

LOS ANGELES, Nov. 14.—[To the Editor of The Times:] Now that the deep and sacred wave of mourning for those of our heroes who have been so unmercifully swept from the face of the earth, the soul of this nation, profuse in its outpouring of love and grief, in this manner, purges itself for all time to come and laud its trembling wreath of living sorrow upon the graves of the fallen. All of which has been beautiful and appropriate—we might fittingly ask ourselves what we are going to do to keep the spirit of our living but maimed heroes who have come back to us, minus limb and health—come back to us expectantly, trustingly, broken in body but brave of soul.

They have given of the blossom of their youth, have sacrificed home, position and an ability to ably compete in the fierce struggle of life, and have been so unmercifully swept from the face of the earth until we right ourselves and seek to do something for these others who are still among us, the very living examples of the heroism we so exultantly extol.

It is fitting then that we, as a people comprising the greatest nation on the face of the earth, blessed by God in innumerable ways, should turn now and be forever done with this mourning for those who have been so unmercifully swept from the face of the earth until we right ourselves and seek to do something for these others who are still among us, the very living examples of the heroism we so exultantly extol.

They are the neglected ones even the reviled ones. Rather let us place the wreaths upon their brows and the where-withal in their hands than truly exemplifying the spirit of our thankfulness for their great sacrifices. They are silently, patiently waiting in their sorrow the growth of the cold indifference, the utter barbarism that we, as a great people—their nation—their people—have shown them. What are we asking, and justly so, what about those eager, volubrious promises that were made by us when the fires of patriotism were blazing and the powers of the world were arrayed against the people? They were fair promises uttered and ratified by those of those who went and should return should forever receive the lasting thanks, the undying love, the imperishable

remembrance of the stay-at-homes.

And have we fulfilled these promises?—my fellow countrymen I ask you this. Ask it shamelessly in the very presence of those who have returned and instead of meeting with the perpetual glad hand of fellowship and help, they meet only a wave of boisterous welcome that dissipated itself as quickly and effectively as a breath of fog before a roaring wind, and to our everlasting shame, they have been speedily forgotten!

eral Distress, General Bankruptcy, General Unemployment. Our soldiers killed, starved or ruined; our commerce curtailed; our producers poverty-stricken! So much for the European system!

Against this put the century's success of the American system proclaimed by Monroe on April 24, 1823. After the war of 1812-14, followed by the Treaty of Ghent, British newspapers announced their government's intention to increase their navy; the course clamored for by certain yellow journalists today. Monroe deplored and deprecated such mischievous action. He proposed a new American system disarmament.

PLANS FOR NINETY-FIRST.

Responding to the call of Col. Ernest V. Smith, chief-of-staff of the Ninety-first Division, Organized Reserves, United States Army, 520 ex-officers assembled at Victory Post, American Legion, headquarters last night. Col. Smith discussed plans for the organization of the Ninety-first Division in California and outlined the methods.

He was introduced by Maj. A. M. Supphen, who stated that already 218 applications for commissions in the Organized Reserves have been filed by men of Southern California.

Maj. Robert C. Cotton, instructor in the National Guard of California, extended an invitation of the Association of the Association of the National Guard headquarters at the Army and said:

"We want you to feel that National Guardsmen want to play with, work with and fight with the men of the Organized Reserves in a one-army spirit of fellowship and patriotism."

Col. Smith also served last night as a representative of the executive council of the Association of the Army of the United States, "an organization being formed to establish a one-army spirit in the land forces of the United States with the aim of knocking down the wall, or filling the trench, that at times has appeared to exist in the National Guard, Organized Reserves and Regular Army," according to the colonel.

Any man who has ever been in the United States Army is eligible for membership.

ANTHEM FOR HARDING.

International Composition Sent President by Local Author.

Handsomely engrossed and bearing the seal of Los Angeles, a copy of the international anthem, "Peace and Unity," composed by Mrs. Lucy E. Long of San Diego for the peace conference at Washington, has been sent to President Harding by the author. It is illustrated with the emblems of all the Allied nations and is adorned with a dove of peace bearing a spray of olive. Because of its dedication to the Allies, Mrs. Long was allowed to have the seal of this city imprinted on the design.

She states that a firm of music publishers has arranged to circulate the anthem in all the countries which are now represented at the Washington conference.

Mrs. Long is a member of the Episcopal church and she has been favored with an introduction to President Harding and representatives of the Allied nations by Bishop Johnson.

Central Building in Three Years is Expected.

Donation of Normal Hill is Granted by Council.

Competition for Architect to be Held Soon.

The new \$2,000,000 central Public Library to be built on Normal Hill will be finished and in use on or about May 31, 1934, on which date the lease of the present library building, located at Fifth street and Broadway, will expire. It was indicated yesterday at a meeting of the City Council's Finance Committee at the City Hall.

Dr. Walter Lindley and F. H. Pettigall of the Board of Library Directors and Librarian Perry appeared before the committee and formally requested the donation by the city of Normal Hill site, a central library building site. The request was granted, and the library board will start work on selecting by competition an architect for the building, so that he can proceed with the plans.

The Normal Hill lot, after Fifth street is cut through between Grand avenue and Flower street and widened, will be 280 feet by 280 feet, and the library building, as now planned, will be 200 feet by 280 feet, with the main entrance facing south on Hope street toward Sixth street.

The hill is to be cut down so as to be on the same level as Grand avenue. The board hopes before the building is under way to purchase a lot on Flower street, adjoining the Normal Hill site, and if this is done, the library will have entrances on the east, west and north and south sides.

Manager John F. Kennedy of the Fifth Street Association, which secured the cutting through and widening of Fifth street, was present at yesterday's meeting of the Finance Committee, and said that the association has the funds in hand and is ready to proceed at once with the Fifth-street cut. In connection with the paying of the street. For the present the street will be sixty feet wide, though the plans for the improvement are being made so that the width can be increased to eighty feet when desired.

As a result of the action taken yesterday by the Finance Committee, which will be formally approved today by the City Council, the present city building on Normal Hill must be torn down, and the City Council is faced with the problem of housing the health department and other offices now in that building.

The Fifth Street Association had agreed to spend \$50,000 to remodel the Normal Hill building so as to provide for the Fifth-street cut, but this was done before the use of Normal Hill for a library

site had been decided upon. The Councilmen asked Mayor Kennedy to urge the members of the Fifth Street Association to give the city the \$50,000 the organization has raised to tear down the Normal Hill building and to construct of the materials from the old structure on a lot to be purchased as an edifice to house the city departments which are now at Normal Hill.

The program will be opened by Gov. Stephens, who will make a brief address. Mayor Cryer, with a party, will occupy a prominent box and another box has been reserved by the Woman's City Club, one of several women's organizations which are endorsing the performance.

Mrs. Garris Jacobs Bond is scheduled to give interpretations of her own compositions and Miss Alma Foster, London violinist, will make her initial stage appearance in this country on the occasion. Representatives of the screen who will contribute to the brilliancy of the event include Mary Miles Minter, Wallace Reid, Babe Daniels, Carter De Haven, Hull Mortimer and a score of others.

Mrs. Lillian Connolly.

THE parents of a two-month-old baby of Mrs. Lillian Connolly was disputed yesterday in Judge Summerfield's court, where Mrs. Connolly charged her husband with failing to provide for the infant.

time of her arrest in February, 1920, on the charge of shooting Nellie Ferguson the woman that Mrs. Connolly asserted came between her and her husband.

Mrs. Connolly was convicted on the charge of an attempt to commit murder and is now on probation.

She testified that Mr. Connolly visited her Dec. 18, 1920, staying all night. Mr. Connolly set up an alibi. The case was continued until tomorrow for further evidence.

Mr. Connolly has a suit pending in which he sets up Mrs. Connolly's conviction of a felony as ground for a divorce.

Stepson Failed to Work, Says Spouse in Suit.

When the son of Mary Burge reached the age of 21 years, his stepfather, F. A. Burge, thought that he should be self-supporting.

Mrs. Burge thought differently and said so. So Mr. Burge waited until the youth was 24, when he again suggested work, but he had no better results on that occasion.

According to a divorce complaint filed yesterday by Mr. Burge, but the stepfather was determined and stated that he would buy no more clothes for the young man, Mrs.

Burge and her son then left, the complaint states.

The couple were married at Bakerfield, Aug. 4, 1907, and separated Dec. 13, 1920. Rev. H. Lloyd Wright represents Mr. Burge.

BROKE DISHES

One morning Mrs. Burge was eating breakfast at the table and a dish in a fit of anger broke.

The dish was broken and the divorce was granted. Mrs. Burge was awarded \$10,000 in damages.

W. T. Kennedy represents Mrs. Burge.

Stockings

Prices made attractive enough to bring hundreds to the Hosiery Section Thursday. Greater Broadway Day.

Glove Silk Stockings \$2.19

—480 pairs in black and cordovan. Others of novelty weaves in glove silk fabric. Black, white and cordovan. Imperfect, therefore priced away less than usual.

Silk Stockings \$1.75

—Full fashioned silk with elastic garter top. In black and cordovan only. Imperfect. 25 dozen pairs to sell.

Silk Stockings 79c

—Thread silk with seamed legs; elastic garter top of lace; others with durable ribbed tops; all reinforced. Black and cordovan. Small imperfect places; almost a half less than the price for perfect stockings.

Lisle Stockings 59c

—Full fashioned with highly lustrous mercerized finish. Lavender stripes at top. Well reinforced. Black only. Imperfect places account for low price.

Lisle Stockings 29c

—With mercerized finish; plain or drop stitch effect. Seamed legs. Elastic garter top. Black and cordovan. You'll hardly notice the imperfect places when you see the low price—29c a pair, or 4 pairs for \$1.16.

Children's Silk Stockings 75c

—Thread silk, finely ribbed and well reinforced. Black, white and cordovan in sizes 4 to 14; 15 dozen included; all with perfect places; a feature at 75c pair.

Children's Cotton Stockings 25c

—First quality ribbed cotton stockings, seamless and reinforced. Black only, but priced exceptionally low at 25c. —Aisle 6 to 8.

Wash Satin Petticoats At Half Price

—A typical Greater Broadway Day value. This—and one that you will do well to note, if you're a present or expected need of this kind to fill. The skirts are of good wash satin in black or white; made in tailored styles, double almost to the top; a feature which renders them more alacore proof.

Flannelette Gowns at \$1.59

—These are long-sleeved gowns with V necks; they are trimmed with satin bindings or novelty braids. The flannelette is of excellent quality, and in prettily colored striped patterns. Several higher priced lines are grouped for this one day's selling at \$1.59.

Silk Gowns at \$4.69

—They've been priced much higher; these pretty gowns of flesh-color crepe de chine, so daintily trimmed with lace or bands of embroidered georgette. Several very attractive models are included. Greatly price-lowered for Greater Broadway Day, at \$4.69.

Silk Chemises at \$3.95

—These are 'way, 'way less in price; made of soft crepe de chine beautifully combined with bands of georgette, lace and ribbon. Some are embroidered in eyelet design. Unusual at \$3.95. —The Broadway—Second Floor.

Now We Are Ready to Announce 1921's Final

With Desirable Merchandise of Unusual Variety at Extremely Low Prices

—Provisions have been made to present some of the most remarkable opportunities of the year.

Thursday, November 17

—A page given over to a few of the many unusual opportunities in which we can but briefly touch upon some of the most important of the savings.

—Departments have been asked to provide exceptional merchandise—price this merchandise in such an attractive way that you will be influenced to come to The Broadway, Thursday, and that coming you will be further convinced that it is a merchandising day of outstanding importance in the city of Los Angeles.

—We have a two-fold idea back of Greater Broadway Day—to increase the volume of sales by increasing the opportunities to you—and at the same time to win your confidence so that you will remember Greater Broadway Days in the future.

—Those who have attended previous Greater Broadway Days need no urging to be here. If this is to be your first Greater Broadway Day you can look forward with confidence to finding some very exceptional merchandise.

Many Items Will Be Displayed Which Are Not Advertised

—Wherever you see a Greater Broadway Day sign it is an indication that the merchandise is lowered for that day. No item is permitted to appear under this sign if it is not an exceptional line of merchandise and particularly priced for the occasion.

A Remarkable Purchase Men's Felt Hats at \$2.95

—For felt hats; all silk lined. Fitted with genuine leather inner bands. —New fall and winter styles in the colorings in demand. —A complete size range in the 15 dozen that we have to offer for Greater Broadway Day. —This is news that should bring men early to the hat section. —Main Floor, Aisle Eight.

Here's Timely News in the Featuring of Women's Boots and Men's Shoes at \$3.95

—Autumn and winter days demand women's high boots, so that in presenting this purchase on Greater Broadway Day we consider it timely news indeed. The saving is one to bring hundreds to the department. A remarkable variety, including black and brown kid boots with both Cuban and French heels. Gunmetal and patent leathers, in styles for dress or street. There are all sizes in this assortment, but not all sizes in each style. Most of them have Goodyear welted soles, some of them hand turned. Exceptional at \$3.95.

Men's Shoes at \$3.95—an Unusual Purchase

—Seven complete lines, each having all sizes and every pair perfect. —These are discontinued styles from the factory from which we procured them at a considerable loss to the makers. —Black kid, blucher styles and medium straight lasts. —Others in the big full toe black gunmetal leather. —Mahogany brogue oxfords, full wing tips. —Dark brown calf oxfords, English last. —Also two styles of kid oxfords in medium swing lasts in brown and black. —These are remarkable at \$3.95. —The Broadway—Aisle Eight.

WOMEN ROUSED FOR ARMS CUT.

Southern District of Clubs to Pass Resolutions.

Governor in Hollywood Talk Gumbles at Salary.

Says Jump in State Costs is "Only" Sixty Per Cent.

SANTA ANA, Nov. 16.—With peace and disarmament developing as the principal theme of the four-day session of the Southern District of the California Federation of Women's Clubs, resolutions favoring these ideals are said to be in process of formulation and are expected to be passed before the close of the convention. Interest in these topics was aroused to a high pitch, following the speech of Milton McCrea, San Diego newspaper man, at the morning session today. Should disarmament fail and Germany fail to meet its reparations payments the army of France will march into Germany, Mr. McCrea declared.

Added interest in the convention resulted today in the arrival of Mrs. W. A. Fitzgerald of Berkeley, State Federation president. She will speak tomorrow afternoon on the subject, "New Values in Old Club Women from all sections of Orange county gathered at Stann's Inn tonight for the informal reception starting at 8 o'clock.

During the morning session three reports were heard. Mrs. Atwood, national chairman in charge of Indian welfare, urged clubs to aid all legislation advocated by her department, for none is recommended without careful consideration being given to it, she said. That study of public and personal health among girls of the high school is a decided trend in the high schools today was asserted by Mrs. Frank Macfarland of Coahuila, district chairman for public health. One of the features of the session was the talk of Mrs. Elizabeth Mills of Orange, who has been in club work for forty-five years. She said that thirty-five years of this time Mrs. Mills has been in Orange county club work and before that she was in California.

Hollywood Woman's Club. Yesterday was a memorable occasion for the Woman's Club of Hollywood. It marked the beginning of many new activities. Gov. Stephens spoke at the club on the public affairs section, on "Administration Expenses of California." Mrs. Charles E. Richmond presided. This address was a beginning, for it was the first of the first in the gubernatorial campaign in Los Angeles. The Governor making a defense of the great cost of administration and attributing it to the growth of the State.

"It is wonderful," said he, "that you can get such good service in State administration when you pay such small salaries, only \$10,000 for your Chief Executive. California is a big corporation and no other corporation or bank of any size pays so little to its president. Not one dollar of public money goes dishonestly. The report at the last Legislature showed an expenditure of \$14,000,000 which is an increase of only 60 per cent in the last four years."

Most successful was this section's first meeting of the year with the first luncheon served in the new dining-room of the large clubhouse. There were over 300 present. At the next meeting, announced by Mrs. George Eastman, chairman of child welfare, there will be a trained kindergarten teacher present to supervise games for older children and some one to care for the babies of young mothers of the club. This will be another innovation.

Mrs. Richmond told of the letter which was sent to the club, through its executive board, to the City Council asking for policemen in Hollywood. Where the need is so great, as well as additional policemen. Mrs. Francis Blackburn, chairman of political science for the district, spoke on "Women's Part in Practical Politics." She declared that the great civic sin of today is indifference and women have got to get as eager to vote as Eve was to acquire knowledge.

Under the inspiration of Mr. Blackburn's talk a new section of political science was organized with H. G. Wallis's book, "Outlines of History," as the basis for study of citizenship, legislation, and community service. Mrs. Blackburn was elected chairman and Mrs. Richmond adviser.

The speaker for the afternoon program was Frederick T. Blanchard of the State University, Southern Branch. His theme was "Progress of the English Novel."

FOUR THEFT VICTIMS IN HEART OF CITY.

PICKPOCKETS OPERATING IN DOWNTOWN DISTRICT MAKE ESCAPE.

Pickpockets operating in the center of the city yesterday morning robbed four pedestrians and escaped, although one of the thieves was forced to drop his loot.

A. R. Griffith of 237 South Hobart Boulevard reported to police detectives that pickpockets removed a diamond stickpin from his tie as he was attempting to board a street car at Seventh and Hill streets. Mr. Griffith said he valued the pin at \$1500.

S. P. Duffield of La Habra was robbed of his purse and \$5 at Fifth street and Broadway. He stated he was crowded by several young men just before he discovered that he had been robbed.

Louis Fikes of 134 California street reported to the police that he gave chase to a pickpocket, who removed a purse containing \$11 from his hip pocket at Sixth and Hill streets and forced the thief to drop the purse. While Mr. Fikes was recovering his money the pickpocket escaped.

Joseph J. Danks of 125 Spruce street telephoned to the police that a pickpocket removed his purse containing \$2 from his pocket while he was riding in a street car at Sixth and Spring streets.

SHOT MAN WITH WIFE, HE ADMITS.

Salesman Surrenders, Tells Police of Firing Bullet Into Back of His "Rival."

George Luke, age 33 years, a salesman, walked up to Patrolman Bligh at Seventh street and Broadway at 8 o'clock last night and said: "Officer, I fired two shots at some body and I want to see myself up."

Half an hour later Luke was placed in the City Jail on the charge of assault to commit murder. A few minutes previously Arthur Rindenow, age 24 years, of 1714 New England street, was treated at the Receiving Hospital for a bullet wound in the back.

Mr. Rindenow was not seriously injured and walked out of the hospital after his wound was dressed with Officers Moran and Napier of the University Division and a woman as who the officers said was Mrs. G. Luke.

According to the police, Mr. Rindenow was standing in his home on New England street about 1:30 p.m. when three shots rang out, a window pane crashed and a bullet struck him in the back.

An hour later, at Central Police Station, Luke, according to Detective Sergeant Carr and Hickey, confessed to having shot into Mr. Rindenow's residence, stating he had seen Mr. Rindenow with his arms about his Luke's wife. Luke, the detectives stated, declared his wife left him two weeks ago, following his return from a trip to San Francisco.

Mrs. Luke told the police that she was afraid of her husband. Luke said he and his wife formerly lived at 1712 New England street. When Mrs. Luke left him, he told detectives, he moved to a room at 1811 Toberman street. He declared he went to the New England-street address last night and requested a former neighbor to ask his wife if she would talk to him. It was during this conversation, he told the detectives, that he saw his wife and Mr. Rindenow together in the house next door.

BABES NEED MORE AID.

Two Hundred Contribute to Jackie Coogan-Castelar Creche Fund.

At the end of the second week of the Jackie Coogan-Castelar Creche baby-fund campaign to raise money for needy babies, officials of the Castelar Creche reported that yesterday 200 contributions had been received, but many more are needed.

For every 50-cent piece sent to the Castelar Creche, 813 Castelar street, Jackie Coogan will send you a celluloid button portrait of himself, the exact size of the half-dollar you contribute to the fund.

At you love babies, if you take an interest in youngsters, whose mothers, through force of circumstances, are unable to care for them temporarily, you will be interested in contributing your 50-cent pieces to help the Castelar Creche, says an announcement yesterday. The Creche was built by W. A. Clark, Jr., and founded through the efforts of Mrs. Michael J. Connell. It is an institution for the free care of infants who would otherwise be homeless.

DID NOT PROVIDE, SHE SAYS.

Failure to provide is charged in a divorce action started yesterday by Ruth M. Landaker against Edward C. Landaker.

That the couple were married in St. Joseph, Mich., July 21, 1915, and separated March 15, 1918.

SOCIETY.

BY VIRGINIA WOODS.

Miss Baruch Engaged.

Announcement was made yesterday of the betrothal of Miss Elsie Baruch, daughter of the late Herman Baruch and Mrs. Baruch of this city and Warren Stinshelmer, son of Mrs. J. Stinshelmer of New York.

Miss Baruch, who is well-known in social circles here and in San Francisco as well as in New York, is in Gotham now where she went with her mother to attend the marriage at the Plaza Hotel there yesterday of her cousin, Milton Baruch of this city and Miss Josephine Elias, daughter of Mr. and Mrs. A. J. Elias. The bride's father is a wealthy retired business man.

The bridegroom is a brother of Clarence Baruch of Haas, Baruch Company, and is the son of Mr. Jacob Baruch of 2055 South Harvard Boulevard. No date has been named for the Baruch-Stinshelmer wedding. Miss Baruch was one of the workers for the Red Cross during the war and has a wide circle of friends.

For Parisienne.
Miss Stella Morrill of Paris, France, who is here for the winter, is incentive for an "intimate" dinner party at which Mrs. Raymond E. Pollock of West Twenty-first street is to entertain on Tuesday evening. Miss Isabel Percival entertained for her with a week-end house party in Santa Ana Canyon last week. There were a dozen guests.

Capt. and Mrs. John De Mel were hosts at a dinner and dancing party at the Flowerland Ball at the Ambassador and among their guests were Dr. and Mrs. L. L. Krebbs, Mr. and Mrs. Bartlett Shideler, Mr. and Mrs. Thomas Lee Woolwine, Miss Albertine Pendleton and Briggs Keck.

Back From South.
Mrs. Isaac Foreman Peters of 2427 Buckingham Road has returned from Memphis, Tenn., where she visited her daughter, Mrs. Frank Graham. She was much entertained. Memphis having been her former home. It was her visit back in eight years. She also attended the convention of the United Daughters of the Confederacy at St. Louis and the grand ball given in honor of the visitors. She was gone six weeks.

Coming From Cuba.
Mrs. William E. Fenwick and children, Nancy Abigail and William, returned from Havana, Cuba. They will arrive this week to visit their parents, Mr. and Mrs. Walter Kephart of South St. Andrews Place.

Wife of Humorous.
Mrs. Bert Lenton Taylor, wife of the late noted humorist, known as "B.L.T.," is in Pasadena and with her little daughter, Rabeita, has taken house at 1318 Arroyo Drive for the winter. Mr. Taylor, who was conductor of the "A. Linotype" on Two Centimes in the Chicago Tribune, died several months ago. Mrs. Taylor is a fine musician, noted especially for her playing of Beethoven.

At Beautifully Appointed Dinner.
Mr. and Mrs. Charles T. Thompson of 100 Fremont street, were hosts last evening at an elaborately appointed dinner party, the first of a series they are giving this winter.

The table was centered with Columbus, roses and delphiniums. In the center of the table were two vases of roses. Lighted candles in rose vases and lighted candles in rose vases. The table was covered with a handsome piece of Italian lace and linen that Mrs. Thompson brought back from Italy this summer.

At the table were Mr. and Mrs. Milo Baker, Mr. and Mrs. H. V. L. Deardorf, Mr. and Mrs. William Maurice Duncan, Mr. and Mrs. Chester Turner Hoag, Mr. and Mrs. William T. Holcomb, Mr. and Mrs. Arthur Huntington, Mr. and Mrs. Fred Eldridge Keeler, Dr. and Mrs. C. R. Luten, Jr. and Mrs. Judson C. Rives, Mr. and Mrs. William Jerome Toomey, Mrs. Charles Shelby and Mrs. Erasmus Wilson.

At Luncheon Bridge.
Mrs. Staudel Forbes was hostess at an elaborate luncheon and bridge party at the Wilshire Country Club on Tuesday. There were places for thirty-two guests.

Mrs. Sweet.
Mrs. Otto Sweet of Windsor Square is hostess today at a luncheon.

Mrs. Nichols.
Mrs. Frank Nichols is to preside at a luncheon on Friday.

Going Abroad.
Mr. and Mrs. Charles Merridith (Melba Meland) left Tuesday for New York whence they sail for Europe. They are to be gone two years and will spend the winter in Berlin, where Mrs. Merridith will studying. They will go to Paris for the spring months and later will visit London. Mr. Merridith also goes for study, expecting to devote his time to motion picture production and the study of European theaters. They will tour Europe before returning home.

Back From San Francisco.
Dr. and Mrs. Henry Lissner and their two children returned home yesterday after a delightful visit in San Francisco.

Sunday Reception.
Mrs. Oscar A. Trippe is to be hostess and R. D. Shepherd host at a reception at the Bryson Apartments Sunday evening for members of the Los Angeles Art Center. Mayor Croyer and Frank Keenan are to be honor guests. Sol Cohen and Dr. Bruce Gordon Kingsley will give a music program. Frederick Kovert will dance and Mrs. Anna Spry will sing. Assistance will be given by Mrs. Albert Sherman Hoyt, A. C. Blitche, Chester W. Brown, Chauncy Clark, Robert Ladd Gifford and others.

District Federation.
A joint meeting of the civic, political science and legislative departments of all the clubs in the district will be held at the Broad-Broadway Hotel, Department Store lounge room, Saturday, at 10 a.m., under the leadership of the citizenship chairman, Miss Mary Workman.

THE NEW.

IN STORES AND HOMES.

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.

By Olive Gray.

They Are Wearing:
Brilliant Spanish scarfs as girdles upon dresses, gowns and even coats. Sometimes these colorful scarves are of silk woven in stripes; again they consist of lovely ribbons; others are formed from East India prints in fanciful designs and harmonious although striking shades and designs.

They are wearing long gloves for many occasions. In fact, gloves may be said to have come quite into their own for both daytime and evening use.

One stunning ornament at the front of the off-the-face hat. This motif may be of shell, metal, embroidery, beads or other novelty. Anything so it embodies the unusual in effect.

At a recent social function, I could not but remark upon the fine appearance of Mrs. T., and as I did so, her husband echoed my compliment, with extreme gusto.

Then, turning to me, he said: "But what is it that she always looks more lovely when no one else can see her—more lovely she is then, even, than when in the public eye." To my mind came a vision of a woman clad in the most costly of house dresses, boudoir and robes de chambre; and again, this vision a counter one embodying many whom I have known—women who, after marriage, seem to have forgotten all ideas of doing to attire save when away from home.

Can it be that the proverbial admiration of Mr. T., for his long lady, has its mainspring in the fact that she takes as much pains to look well in his eyes today as when he came a-courting? Or is it that he is so considerate at all times that she could not do otherwise than take pains to please?

This Week Day:
Imported neckties from among those which are alluring. No gift more acceptable to a lady than one more scintillant necktie to wear to rows and each of the novelties in the collection chosen by buyers of distinction.

French novelties in that French section, where superb creations in lace, embroidery, art wares, lamps and objects d'art prevail. The something different for the woman who has much, is easily obtainable there.

The wanted article of attire or home decoration from among the made-in-Los Angeles products in that great store where one may be patriotic, economic and enthusiastic, all at once.

To Wrap Baby Bunting In.
New carriage robes for baby come in the designs of the Navajo and in soft tones of blue, rose and green; harmonious so beautiful to set one wishing that the real Navajos were like them. The material is all wool and would insure a child to wintry winds, as the little one perambulates. Prices are so reasonable as to lead to placement of at least one in the sensible gift list for Christmas.

Trimmings Unusual.
Trimmings for dresses and wraps seem to have taxed the inventive genius of the makers. Beads, always popular to a degree, have taken on new life. The real Navajos were like them. The material is all wool and would insure a child to wintry winds, as the little one perambulates. Prices are so reasonable as to lead to placement of at least one in the sensible gift list for Christmas.

A chlo velvet frock has wide transparent sleeves edged with caracul.
White crepe jersey is beaded in pearl and crystal in a Chinese pattern.
Studded steel ascotache trims a gown of moleskin and mouse gray velvet.
Fannels have their edges embroidered with metal clips and shiny beads.
A tallleur of gray velvet is trimmed with moleskin and "velours frappe."
An evening gown of purple chiffon is touched here and there with geranium.
A gown of white silver tissue has fringes of cyprusian rat-tail forming the sleeves.
The trimming used on the coat of the tallleur is apt to be repeated on the blouse.
Much black velvet is being used, oftentimes turned back and bordered with gold.
Openwork appears at the lower edge of a cape, on the skirts of a coat, or at the hem of a skirt.
The long fur-trimmed blouse worn with the suit is usually high-necked and long-sleeved.
A frock of black broadcloth has gauntlets and collar of perforated broadcloth in leather color.

GUARD BIG SUM PAID FOR BONDS.

Officers Watch as City Gets More Than Million and Half in Cash.

Four heavily armed detectives acted as guards at the Federal Reserve Bank rooms in the Washington Building yesterday afternoon when City Treasurer Powell delivered to M. R. Beedling, manager of the investment house of Gilvin & Miller, \$1,400,000 of 1931 Los Angeles Harbor Improvement bonds and received in return \$1,444,804.67 in cash.

There was a great stack of \$10,000 bills, and during the transaction the detectives kept sharp watch on the money.

Representatives of local banks to which City Treasurer Powell had previously arranged to lend the money at the 3 per cent interest rate, fixed by law, were present when the bonds were delivered. The money was turned over to them, taken to their respective banks, and began earning interest money for the city at once.

The sum paid for the bonds represented \$1,400,000, the par value of the securities, \$44,804.67 premium paid by Gilvin & Miller and their associates in the syndicate, which made the highest bid to the City Council for the bonds, and \$3,444,804.67 accrued interest.

The Finance Committee of the City Council yesterday afternoon agreed to sell at once \$400,000 of the issue of \$1,500,000 of bonds voted last June for the construction of a central public library and branches. The date for the receiving of bids for the library bonds will not be set until Irving H. Hellman has given his formal release of the clause in his purchase agreement for the \$12,500,000 power bonds, which were sold to him at a secret sale by the City Council at a discount of \$1,535,000. It is expected that the library bonds will bring par and a premium.

AUTO DAMAGE SUIT ENDS OUT OF COURT.

The \$1125 damage suit of Mable Carpenter against R. H. Wingo and the Federal Rubber Company of Illinois, for injuries she suffered in an automobile accident, has been settled out of court, it was stated in Judge Stephens court Tuesday.

The machine which struck the plaintiff was owned by the company and driven by Mr. Wingo. The accident occurred at Vermont avenue and Third street, Nov. 4, 1920.

THE SCIENTIFICALLY BUILT WATCH

Waltham 16 Size Crescent Street 17 Jewelers 100 With Winding Indicator 80s

The First American Railroad Watch

WHEN we talk Railroad Watches we can say more, mean more, and prove more than any other watch-maker in the world.

The Waltham "16 Size Crescent Street" illustrated above, was the first standard Railroad watch ever accepted in America. It is so accurate and dependable that every railroad in the world accepts this watch without question.

The Waltham "Crescent Street" improved its excellent merit by time-keeping under every known railroad condition, and every long period of years, by running men and busy business men who desire accurate time-keeping—its performance will be a revelation. It is adjusted to extremes of temperature; also every possible test to which it can be subjected.

The movement is 21 jewels and priced unexcelled at sixty dollars. The price of the complete watch varies only according to the style and quality of the case selected. Ask your jeweler to show you this masterpiece of watch-making. He will ease the movement for you according to your taste. When you buy a "Crescent Street" you own a watch.

Write for a valuable booklet that is a liberal "Watch" education sent free upon request. The Waltham Watch Company Crescent Street, Waltham, Mass.

Waltham Watches!

The Quality, Fashion and Economy of Montgomery Bros.' Watches

Several important factors determine a wise watch choice. Quality is one. No person wishes to put good money into a poor watch—yet in few articles of merchandise is it so easy for the inexperienced person to be deceived. Fashion is another. The good style and beauty of the watch you select, whether it be a modest, inexpensive watch, or one of the highest value—is very important to the purchaser.

Price is the third. The one who wishes to spend little or the one who can spend much more—both alike wish to be sure that they are paying no more than they ought to pay for a good article. It is on all these three counts that MONTGOMERY BROS.' Watch Department far exceeds all its competitors. Los Angeles people know and believe that any watch we sell from the cheapest to the most expensive is absolutely dependable—for quality—unsurpassed for beauty and fashion and nowhere sold at a lower price. Everyone who needs a watch is in Luck this year, for never have watches been prettier, and not in many years have our prices been so low. Let us show you a watch from \$12.00 to \$300.00.

So convenient and effective for sore throat

With germs or sprays it is impossible to keep a sore throat under anything like continuous treatment. With Formamint, it makes no difference where you are—at work, in crowded car, shop, study or home—you can dissolve one of these delicious, almost candy-like tablets in your mouth once an hour or so. An effective germicide is released and, carried by the saliva, immediately takes the entire lining of the mouth and throat, checks germ growth, and gives the sore, infected tissues chance to heal.

Formamint Tablets used when especially exposed to infection remove your danger of catching sore throats, and even influenza.

Chlorine use—and should—use them freely, as defense against throat infection and influenza which spread so readily in congested rooms.

Recommended by throat specialists, physicians, dentists and druggists.

TEST ANTIJAP ACT TOMORROW

Woolwine and Aide Go North to Defend Suit.

Special Court to Hear Case Asking Injunction.

Long Beach Man Fighting to Rent to Nipponese.

Ready to uphold the validity and constitutionality of the California Alien Land Law, recently passed by vote of the people, Dist. Atty. Woolwine and Deputy Becker left last night for San Francisco where they will join forces with Atty.-Gen. Webb in fighting the case of W. L. Porterfield and T. Misono of Long Beach, to enjoin Messrs. Woolwine and Webb from prosecuting them criminally or civilly for violations of the provisions of the law.

Arguments will be heard tomorrow before a specially constituted court, consisting of U. S. Circuit Judge Morrow of San Francisco, U. S. District Judge Dooling of San Francisco and U. S. District Judge Blodgett of Los Angeles.

In the application for a permanent injunction, Mr. Porterfield stated that he has valuable land he wishes to lease to Mr. Misono on which to grow garden produce. They assert that the law is invalid because it conflicts with the provisions of the treaty of 1911 between Japan and the United States. They assert that Article 19 of the U. S. Constitution overrides any statute of a State which conflicts with a treaty with another nation. They assert the law is unconstitutional because it unjustly and unfairly discriminates against alien Japanese.

In the brief of the case, drawn by Messrs. Woolwine and Becker, they will contend that the treaty of 1911 expressly limits rights of citizens of each country to leases of lands for commercial and residential purposes. They will assert that the words "and other useful purposes" were eliminated when the treaty came before the U. S. Senate, showing the intent of Baron Uchida and then Secretary of State Knox.

They will also assert that citizens of the United States have, since Commodore Perry negotiated the first treaty, been limited in the same manner in Japan, and even since the treaty of 1911. They will quote from a decision of a similar court at Seattle in relation to that State's Alien Land Law.

In part, the brief says: "It is obvious that one who is not a citizen and cannot become one lacks an interest in, and the power to work effectively for the welfare of the State, and, so lacking, the State may rightfully deny him the right to own and lease real estate within its boundaries." It goes on to say that otherwise all the land might pass into alien hands.

Identify Man Found Dead by a Picnic Party.

The body of the supposed victim of the L.W.W.'s found by a picnic party last Friday near the highway between Newhall and Saugus was identified yesterday as that of William N. Pagan, a Greek.

Identification followed several days of work by Det. Sheriff Sweazy. When the deputy first investigated the murder he found an envelope that had been trampled during the struggle the victim made for his life. The address was almost effaced, but enough was left to cause Mr. Sweazy to write to 121 Sacramento street, Lodi. From there the trail led to Pennsylvania and yesterday a letter was received from Makis Stavranos of Clairton, Pa., identifying the slain man and saying he was a nephew.

ALEXANDRIA GRILL BECOMES CAFETERIA.

An innovation in cafe service is promised to Los Angeles through the medium of the self-service restaurant in the space formerly occupied by the Alexandria's Mission-Indian Grill.

The decorative scheme of the old Alexandria grill has not been altered; the only changes being the arrangements for self service at one end of the large room. A thorough ventilating system has been installed so that guests will be able to smoke.

Bullock's "Bullock's Closes Saturday at One o'Clock Every Saturday Throughout the Year"

Bullock's November Garment Event

Swings into its fourth day of selling Thursday, with features and opportunities hitherto un-announced and, Bullock's believes, hitherto uneclipsed—of very great importance being

200 Women's and Misses' Specially Selected Coats at the Low Price---\$39.50

—This news has been reserved for Thursday shoppers—this and other good news of Garment opportunities — when you see these lovely coats you will wonder how it was possible to keep from spreading the news broadcast, they are so tempting.

—Materials: Bolivia, Normandy, Duvet de Laine, Sportex and others. All much finer quality than have been usual this season at \$39.50.

—Many of them with Fur Collars, including Australian Opossum, Raccoon, Beaverette, Mole. Something unusual at \$39.50

—All of them beautifully lined with peau de cygne. All in the popular colors of navy, black, brown and beaver. A wide range of styles that are smart and carefully designed—flare, wrappy, and belted effects—silk stitchery and button trimmings to make them bewitching—at \$39.50.

—But do not stop here—read about those remarkable

—Coat Offerings at \$59.50 and \$89.50 in Bullock's November Garment Event.

—These have invaded realms of exclusiveness for their inspiration, choosing and picking at will from the season's best materials, trimmings and styles — and relinquishing opportunities for higher prices because of the Value requirements marking Bullock's November Garment Event in addition to its requirements for Beauty, Style and Quality in keeping with Bullock's Ideals of Garment Exploitation.

—Coat offerings for both Misses and Women at \$39.50, \$59.50 and \$89.50— Sizes 14, 16 and 18 for Misses—sizes 34 to 46 for Women—at Bullock's Third Floor.

Of almost equal importance in the Message of Bullock's November Garment Event Opportunities for Thursday are

150 Misses' and Women's Silk and Wool Dresses Striking in Value and Style at \$29.50

—Today is the first time that Bullock Advertisements have contained announcement of these specials—one of the surprises of Bullock's November Garment Event—one of the great big surprises—one of the triumphs if you like—

—Wouldn't you call it a triumph to be able to present Women's and Misses' Dresses of Canton Crepe, Crepe de Chine, Poirer Twill and Tricotine in an extensive variety of pretty styles at \$29.50, when Dresses not so good have commanded so much higher prices so recently? Come to Bullock's Thursday and see if you wouldn't. There will be some dresses of Mignonette, Georgette and even of Velvet for you to enthuse over at \$29.50, also.

—Much could be said about embroidery, braiding — about clever panels, girdles and sleeve effects—because seldom has there appeared a group of dresses with more to talk about than these at \$29.50.

—But there are two other groups of Dresses at \$39.50 and \$49.50 which should be kept in mind. Two groups introducing style opportunity, value opportunity and quality opportunity, totally different and distinguished from anything of their kind to which this season has given prominence.

—Don't be uninformed—don't lose sight of the fact that Bullock's November Garment Event is an occasion so rich in encouragement—so full of sincerity—and, so comprehensive of many needs that no woman should stay away—

—Dresses for Misses and Women at \$29.50, \$39.50 and \$49.50—Sizes 14, 16 and 18 exclusively for misses—Sizes 34 to 44 for women—Thursday—at Bullock's Third Floor.

Women's New Suits at \$45.00 Accomplish Victory

in three days of the most vigorous selling of the season.

—Therefore these Women's New Suits at \$45.00 should be in your mind for Thursday of Bullock's November Garment Event—because they know no peers at \$45.00.

—Suits of Duvet de Laine, Tricotine, Poirer Twill and Mannish Tweeds—cleverly fashioned and tailored in masterly manner—lined exceptionally well.

—Navy, brown, volnay, henna and gray. In sizes 34 to 44½. A very tempting offering of Suits at a very tempting price of \$45.00—Thursday—the fourth day of Bullock's November Garment Event—Third Floor.

Fine Fox Scarfs at \$50.00 Stone Marten Scarfs \$35.00

attract a great deal of attention to Bullock's Fur Section and serve to emphasize the opportunity which has impressed many women to obtain luxurious Fur Coats at \$295.00, \$395.00 and \$495.00

—another phase of the activities of Bullock's Fur Exploitation in Bullock's November Garment Event—all of Bullock's Third Floor Style Sections participate.

Georgette and Crepe de Chine Blouses at \$6.95

give one much to be enthusiastic about—also another group at \$10.00 each. They were specially purchased and have caused no end of favorable comment—

—Hand-made Blouses choose a price of \$3.95 to make themselves even more attractive than their natural beauty affords—

—All of which should be cause for you to look further at the advantages still unmentioned in connection with Bullock's November Garment Event—

In several ways, my Western Avenue and Manchester

land itself is level, yet situated on top of the first high
ground you get to in this part of the city. And the value
you get, the low prices you pay, are strictly on the
level. That's why my lots are "over the top" in every
sense. That's why people are buying them in ever in-
creasing numbers, and are coming back for more. Have
you bought yours yet? Better do it now.

Get-Together Spirit Called
Our Greatest Asset.

Many at Luncheon Given
by Commerce Chamber.

W. J. Bryan, Jr., Lauds
Wonders of Southland.

"Southern California's greatest
asset is not its matchless climate
nor its unparalleled natural ad-
vantages, but the spirit of co-op-
eration that exists among the en-
terprising citizens of this swiftly-
advancing commonwealth." This
was the sentiment expressed by
Jonas A. Killian, president of the
San Gabriel Associated
Chambers of Commerce, speaking
yesterday at the Alexandria at the
luncheon of the Los Angeles
Chamber of Commerce, attended
by prominent representatives of
virtually every city in the South-

President of the meeting was
President Weaver of the local
chamber, and among the speakers
who paid tributes to the Los An-
geles organization and promised
the co-operation of their respec-
tive chambers were Presidents
Charles S. Henderson, Long Beach;
R. H. Schwartzkopf, Arcadia; A. E.
Isam, Redlands, and Charles Bay-
er, secretary of the Pomona Cham-
ber of Commerce. Music was fur-
nished by the Lincoln High School
R.O.T.C.

FILMS REPRESENTED.
The film colony of Southern Cal-
ifornia was represented by many
stars and writers. Their spokes-
man, Tully Marshall, told of the
work of the Screen Writers' Guild
of America, which is affiliated
with the British and French so-
cieties of authors. Mr. Marshall
said the guild will hold its first
big social function at the Am-
bassador on the evening of De-
cember 1 and they anxious to see
retainers on that occasion will
be George Ade, William De Mille,
Will Rogers, the Danish dancer
and the Mexican Morgan Troup.
William Jennings Bryan, Jr.,
"the youngest member of the Los
Angeles Chamber of Commerce,"
voiced his regrets that a member
of the Bryan family, or of any
other family, should be called upon
to tell in five minutes what he
thought of Los Angeles. "As a
matter of fact, it would take at
least two months for me to even
begin to tell what I think of this
wonderful city and country," said
Mr. Bryan, who has made a glow-
ing word picture of the wonders
of the Southland, spoke of its great
industrial and commercial enter-
prises and ended by saying:
"If I should be allowed to show
to an eastern business man the
glories and advantages of Bri-
er here and investing his money
here, and he failed to see the fu-
ture of this country, I would
put the donkey in a box with a
bale of hay and ship him back
home."

SECRET OF GROWTH.
President Isam of the Red-
lands Chamber of Commerce
summed up the secret of the
Southland's growth in a single
sentence when he said, "Southern
California is fortunate in three
things, rich soil, a splendid water
supply and the combined efforts
of an industrious and intelligent
people."

"We stand today at the center
of a great world development," he
continued. "We have an opportu-
nity to build the most remarkable
empire in history, and the spirit
of mutual kindness and co-opera-
tion that is being evinced by our
citizens today presages a golden
future."

The Disarmament Conference
and its probable results were
touched upon by several of the
speakers. Mr. Schwartzkopf saying
that the conference is an indica-
tion of the desire of all nations
to co-operate for the welfare of
the world. "It is the making of bal-
tistics and the manufacture and
use of armament and ammunition
can be abolished the nations will
have accomplished the most ad-
mirable feat in the history of the
world," said Mr. Schwartzkopf.

A telegram from Washington to
Secretary Wiggins was read, show-
ing that Los Angeles county leads
all counties in the United States
in the value of its crops and live-
stock production.

The Transportation Club of Los
Angeles is the latest local civic or-
ganization to pledge the active as-
sistance of a committee of its mem-
bers in the fund-raising campaign
of the All-Year Club of Southern
California. Word was given to the
club's executive committee yesterday, follow-
ing a meeting of the transportation
club at which D. H. Jones out-
lined the all-year movement. Not
only did the transportation men
endorse the campaign, but they of-
fered at once a committee of ten
members to aid in the further rais-
ing of funds for the All-Year Club.
The committee will be an-
nounced within a few days. Each
of its members will agree to call on
ten firms and ask their support of
the all-year movement. This is the
fourth Los Angeles civic organiza-
tion which has pledged its active
help.

Recent subscribers to the All-
Year Club include the Washington

O'LEARY IS RETAINED.

Dry Officer Made Chief Deputy in
Director Avery's Office.

Prohibition Director Avery yester-
day announced the appointment
of D. J. O'Leary as chief deputy in
the office. The latter will be
assisted by two other officers.
The appointment of Mr. O'Leary
disposes of the rumor current for
some time that he was either to
be asked to resign or moved to
San Francisco. Mr. O'Leary is
said to have been the only man,
with the exception of the late C. C.
Wheeler, who has been on the job
of grabbing the bootleggers lately.
Director Avery spent yesterday
getting familiar with the duties of
his office, and said that there will
be a rigid enforcement of the na-
tional prohibition law, so far as he
is concerned.

Man Who Saw Monitor Sink Will
Be Laid to Rest Tomorrow.

Charles P. Smith, Civil War vet-
eran, 79 years of age, who saw
the Monitor sink, and who died
last Tuesday at his home, 738 East
Fifty-first street, will be buried in
Inglewood Cemetery following fu-
neral services at 1 p.m. tomorrow
at Brown's undertaking establish-
ment, Rev. Gordon Palmer, pastor
of the South Park Baptist Church,
will officiate. The service will be
in charge of the Grand Army of
the Republic.

Born in Gotland, Sweden, Mr.
Smith came to the United States at
the age of 19 years, just in time to
answer the call of Abraham Lan-
coln for volunteers. He fought un-
der Admiral Du Pont in the Union
naval blockade of 1861 and 1862,
and the Monitor, which sank the
Merrimack, belonged to the squad-
ron in which he served. In the
tremendous loss off Cape Hatteras,
Mr. Smith stood on his own sway-
ing vessel, New Ironsides, and
watched the game little Monitor
sink. For several years Mr. Smith
sailed in the merchant marine and
later became captain of his own
vessel on the Great Lakes.

Mr. Smith leaves his widow, a
son, Fred H. Smith; one daughter,
Mrs. F. Carlson; five grandchildren
and four great-grandchildren.

for Booze Sale.**

Stating that in his opinion 10
per cent of the people in this coun-
try from Southern Europe are
violators of the national prohibi-
tion law, U. S. District Judge Trip-
pet yesterday sentenced Steve
Bach of San Pedro to six months
in the County Jail. He was con-
victed of selling liquor.
His wife, who has four children
ranging in years from 8 to a babe
in arms, and who also was con-
victed with her husband, had her
sentence postponed for six months,
the jury having recommended ex-
treme mercy in her case.
After the husband had been sen-
tenced, the wife, in tears and
carrying her 3-month-old baby,
begged that the punishment be
made a fine.

"I am sorry for you, madame,"
said the court, "but the law must
be obeyed."

MEXICANS BUY WAR SUPPLIES.

Government Grants Permit to Export Ammunition.

Federal Agents Purchase Big Hospital Equipment.

Rebels Thought to Have Plenty of Rifles.

(ST. A. P. NIGHT WIRE.)

SAN DIEGO, Nov. 16.—Instructions to allow representatives of the Mexican government to export 1000 rounds of ammunition from San Diego to Tijuana were received today from Washington by Clarence Sprigg, collector of Customs, according to an announcement he made today.

Sprigg said he expected the shipment would be taken across the border some day this week for use by the Mexicans in any further attempt made by bandits or revolutionists against the Lower California government. An agent of the Federal government is said to have bought or negotiated for the purchase of a number of rifles in this city.

Mexican Federal agents bought about \$500 worth of hospital and surgical supplies here today. Although various rumors have come across the border at Tijuana about trouble with bandits, no formal statement of any engagement with them has been made since Sunday, when it was reported that six rebels were killed in a skirmish a few miles south of Tijuana.

No sound of firing has come across the border since that time, and the Federal officers declare they expect no further trouble.

The 250,000 rounds of ammunition and 250 rifles seized by United States agents near the border on October 23 have been released, Collector Sprigg announced today. It has been rumored that they were taken across into Mexico, but local officials disclaim any knowledge of what happened to the shipment.

PRISONER ESCAPES FROM MOVING TRAIN.

MAN WANTED IN SANTA ANA EVADES WATCHFUL EYE OF SHERIFF.

(LOCAL CORRESPONDENCE.)
SANTA ANA, Nov. 16.—Dashing madly down the length of a car and leaping from the train as it was descending a steep grade near Leadville, Colo., Harry Coyne, a prisoner in the custody of Sheriff C. E. Jackson of Orange county, escaped Saturday evening while on his way from Memphis, Tenn., to this city.

Although the Sheriff left the train at the next station, about four miles farther on, and returned at once to the scene of the escape, no trace of the man could be found. A telephone call to the Sheriff at Leadville resulted in a posse of deputies taking up the search, but to no avail.

The Sheriff, worn by three nights of wakeful vigilance, remained momentarily at the scene of the escape, but the prisoner seized on this moment to make his escape.

The place at which the man left the train is near the top of the divide and the ground was covered with snow. It is expected that the man will be captured as he is not expected to survive the intense cold unless he seeks shelter and food.

No report of the loss of the prisoner was received at the local office until the arrival of the Sheriff here last night.

SET HEAVY BAIL.

Mexican Held in Connection With Killing of Officers.

(LOCAL CORRESPONDENCE.)
RIVERSIDE, Nov. 16.—Reyes Floriano of Highland, who was arrested at Indio a few weeks ago with Vincente Melgoza, wanted for the shooting of Deputy Sheriffs Nelson and Crossley here last September, must stand trial on the charge of being an accomplice after the fact. The Mexican has been returned to the County Jail under \$10,000 bond.

The prisoner contends that he did not know Melgoza, who asked him for a ride to the Imperial Valley. Revenue Officer Fred Schwartz, who arrested the men at Indio, testified that Floriano's little girl said the men were wanted for the murder of the deputies were at their home for several days. Juan Falmarin, the companion of Melgoza, is still at large.

"DOKIES" CEREMONIAL.

(LOCAL CORRESPONDENCE.)
SANTA MONICA, Nov. 16.—Pacific Lodge No. 203, Knights of Pythias, has practically its entire membership busy on committees in advance preparation for the annual ceremonial of Los Angeles county, D.O.K.K. to be staged at the Municipal Auditorium in Ocean Park, next Saturday.

Royal Visitor Sampson McClure and Master of Ceremonies A. Barlow at a meeting with the local officers promised a magnificent night parade at Ocean Park, Saturday, with horribles, fireworks, and a long list of freak stunts to make the Ocean Front take notice.

Full details of the ceremonial will appear later.

FIVE FOR SPEEDING.

(EXCLUSIVE DISPATCH.)
SANTA BARBARA, Nov. 16.—Speeder Courts here have begun to follow example of Los Angeles judges in punishing fast drivers taken in this county.

One of the first to receive the weight of the law was C. Dickson, of 1000 South Hope street, Los Angeles, whose bail was set today at \$100 for driving a car fifteen and one-half miles an hour on the Rincon - Carpenter highway, where a thirty-five-mile limit exists. The bail is tantamount to a fine.

POLICE CAR NOT UP TO STANDARD.

(EXCLUSIVE DISPATCH.)
SANTA BARBARA, Nov. 16.—Local police were given the worst of it today by an automobile thief wanted by the Ventura authorities.

The Ventura Sheriff telephoned the police to look out for a man who had just stolen an automobile and was headed this way.

The police department of Santa Barbara is furnished only with a popular light car. When the thief hove in sight the officers called on him to stop. He surveyed their car, laughed, waved them off, and disappeared in the distance.

FORECAST NEW PIER AT BEACH.

Rumor Connects Wrigley With Proposed Big Enterprise at Santa Monica.

(LOCAL CORRESPONDENCE.)

SANTA MONICA, Nov. 16.—The rumor that the Wrigley-Catalina Island interests will establish a headquarters and landing place at Ocean Park has been resurrected. A representative of the Wrigley interests has been observed in company with Lyeurgus Lindsey, suspecting the old Bristol or Nat Goodwin Pier. President Pickering of the Pickering Pleasure Pier Company was also in the party.

Today Lindsey has presented a petition asking for permission to construct a pier on the tidewater lands fronting his property on the beach, which includes the Goodwin pier. The width of the proposed amusement center is approximately 400 feet along Ocean Front, at the foot of Hollister avenue and extending south to the foot of the frontage opposite the foot of Wadsworth avenue. Northward, the new pier will end at Sunset Beach Company's property.

As it is proposed to have the new amusement pier extend 1500 feet, or nearly a third of a mile, into the ocean, it is estimated that when completed, with concessions installed, the project will represent an investment of \$1,000,000. The bath-house at the head of the present Goodwin pier will be greatly enlarged and improved.

A similar request was presented to the Santa Monica City Council last April, but included the frontage along the tideline of land belonging to other owners. It was denied on that ground alone. While the Council has no jurisdiction today, it appears certain that the petition will receive favorable consideration in its present form. It will be necessary for Lindsey to make a franchise or lease agreement with the city, as tidewater lands belong to the municipality.

Death Recalls Early History of California.

(LOCAL CORRESPONDENCE.)

VENTURA, Nov. 16.—William Elwell, aged 85, is dead at his home here. He was the son of the Capt. Robert Elwell, who in company with Charles A. Dana, later of the New York Sun, made the famous California voyage in 1824 that is incorporated in "Three Years Before the Mast."

Charles A. Dana returned to New York and later Capt. Elwell, who was from Massachusetts, settled in Santa Barbara, married the daughter of the Old San Juan family, raised a large family and died in the fullness of his years.

Now his son William, who leaves children and grandchildren to mourn him, has passed away after a serious illness of several weeks, due largely to the complications of old age. Two sisters, far along in years, survive him. One is Mrs. Mary Pearson of Los Angeles and the other Mrs. Ida Edwards of San Diego.

Deceased leaves three sons, all merchants. Honorary pillars. They are Leo, William and Frank and all three hastened to their father's bedside on the news of his critical condition. Mrs. Chester Chaffee and Mrs. J. Y. Rodriguez of Ventura are the surviving daughters.

There are several grandchildren and a number of nephews and nieces. Mrs. Elwell died a little more than a year ago.

Funeral services were held Wednesday morning from the old mission, with interment in Ivy Lawn Cemetery.

MANY GATHER TO PAY LAST TRIBUTE.

(LOCAL CORRESPONDENCE.)
REDLANDS, Nov. 16.—The funeral of Dr. George Robertson of the University of Redlands, held at the Congregational Church, was attended by hundreds of his friends. About half the church had been reserved for the students of the university, practically all of them attending. The service was almost buried under a great wealth of flowers.

The Rev. Herbert C. Ide, pastor of the church, preached the funeral sermon. He spoke of the influence Dr. Robertson had had in the city and at the school, of his keen interest in all matters and of his wide education and broad views.

The pallbearers were J. E. Dean, C. L. Jewell, N. Leo Lelan, G. P. Dunham, N. G. Hill and H. C. Smith. Honorary pallbearers were professors of the university, A. Harvey Collins, J. W. Kyle, S. Guy Jones, H. E. W. H. E. Marsh and E. R. Nichols, also members of the Fortnightly Club were honorary pallbearers. Music was furnished by the glee club of the university.

JAIL TERM FOR MAKING MOONSHINE

Ontario Judge Severe in Liquor Case; Others Under Arrest Given Liberty.

(EXCLUSIVE DISPATCH.)

ONTARIO, Nov. 16.—Albert A. Hanna, pleaded guilty today to a violation of the city liquor ordinance and was fined \$300 and given ninety days in the County Jail. This arrest followed a raid on a house at 221 West D street, three weeks ago when a large whisky still, several barrels of sour mash and a quantity of liquor were taken into custody by Ontario and county officers. This afternoon at his preliminary examination before Judge George R. Holbrook he waived time for sentence and the case was immediately concluded.

Upon Hanna's statement that the still was conducted solely by himself and that no one else had anything to do with it similar charges against Sada Stein and Mr. and Mrs. W. S. Randall, arrested at the same time were dismissed.

Upon showing that Mrs. Stein was not a married woman at the time charged in the complaint, a charge of adultery against her and Hanna was dismissed in so far as it referred to the woman, but Hanna was held to answer to the Superior Court on the charge, following his preliminary hearing, bail being fixed at \$1000.

E. S. Goodwin, owner of the D-street house, which Hanna rented, testified that the defendant had introduced the Stein woman to him as his wife and neighbors testified that they had lived together for a period of months. Dep. Dist. Atty. John L. Campbell prosecuted the case and Attorney A. J. Trujillo appeared for Hanna.

Police Fail to Find Robbers of Theater Boxoffice.

(LOCAL CORRESPONDENCE.)

PASADENA, Nov. 16.—As a sequel to the mysterious disappearance of a mail sack from an Oak Knoll car bound for Los Angeles November 8, Marine Corps guards will be placed over all important mail consignments between Pasadena and Los Angeles. It was announced today by Postmaster Clark McLain.

A registration mail, particularly, will be transferred under Marine Corps escort. The decision to extend to Pasadena the Marine Corps guard over mail was reached following a conference. Postmaster McLain had with postal authorities in Los Angeles.

The Pasadena Chamber of Commerce has been asked by the federation of social service committees of the local churches to undertake a social survey of the foreign-born population of Pasadena. The chamber has not yet taken any action on the suggestion.

THEATER BANDITS UNCAUGHT. The hold-up men who robbed the box-office of the Raymond theater Sunday night are still eluding the police, who have not been able yet to find the two soda dispensers, Harry Lloyd and Frank King, who are wanted on suspicion of having staged the hold-up. The police today released F. C. Price, after holding him a few hours on suspicion of knowing something of the hold-up. They failed to connect him with the robbery in any way.

GROWERS TO MEET.

(EXCLUSIVE DISPATCH.)
PORTERVILLE, Nov. 16.—Tulare county peach growers will hold a mass meeting in the Municipal Auditorium in Visalia Friday afternoon to discuss the new California Canning Peach Growers' Association. They will be addressed by Dr. E. S. Moulton of Marysville, E. R. Williams of Modesto, and other prominent growers who have identified themselves with the movement.

"Did He Leave Them Well Provided For?"

SOMETIME this question will be asked about your family. The answer will depend not only on how much you leave, but also on how you leave it.

If you haven't already made your will, by all means do so at once. But your responsibility doesn't end there. Most inheritances are quickly squandered or lost through inexperience and ill-advised investment.

Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts And Coal Tar Remedies for Babies

Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Syrup Pepsin, a simple vegetable compound for constipation—So safe thousands give it to babies in arms—Now has largest sale in the world.

When a man is in the 82d year of his age, as I am, there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1875, nor since I placed on the market the laxative prescription I had used in my practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of my Dr. Caldwell's Syrup Pepsin, which is a combination of Egyptian Senna and other mild laxative herbs with pepsin.

Recently new medicines have been brought out for constipation that contain calomel, which is mercury, salts of various kinds, minerals, and coal tar. These are all drastic purges, many of them dangerous, and the medical profession

From a recent portrait of Dr. W. B. Caldwell, Inventor of Dr. Caldwell's Syrup Pepsin, 1892

is warning the public against them. Certain coal tar products will depress the heart; certain salts give rise to intestinal poisoning, impaction and rupture of the intestines. If grown peo-

ple want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with pills and powders and strong drugs, even if disguised in candy? My remedy, too, costs less than most others, only about a cent a dose. A bottle such as you can find in any drug store, will last a family several months, and all you use it. It is good for the babe in arms because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal.

The formula of Dr. Caldwell's Syrup Pepsin is on the cover of every bottle, and the ingredients have the endorsement of the U. S. Pharmacopoeia.

In remembrance of my 82d birthday I have set aside the sum of Ten Thousand Dollars to be given away in half-ounce bottles of my Syrup Pepsin. Only one Free Trial bottle to a family. All are constituted now and then, and here is an opportunity for you and others to try Dr. Caldwell's Syrup Pepsin FREE OF CHARGE. Ask for your free bottle today, simply sending name and address to Dr. W. B. Caldwell, 514 Washington St., Monticello, Ill. Do not postpone this.

G.O.P. KEEN ON JOB HUNT HERE.

(Continued from First Page.)

tributors in Los Angeles, Mr. O'Connor promised to resign last October 15, then he changed his mind and said he intended to resign on the 1st inst. However, when his resignation reached Washington it was dated Dec. 31, 1921. That's almost six weeks away and that six weeks pay could just as well be earned by a deserving Republican, was the decision of the G.O.P. patronage committee and Mr. O'Connor will be told today that he must quit at once or a request for his summary removal will be telegraphed to the Attorney-General.

TIT FOR TAT.

"The Democrats taught us this maneuver eight years ago," declared a leading Republican yesterday. "Then C. W. Pendleton was Collector of Customs. He had nearly three years left to serve when Mr. Wilson was elected President. Mr. Elliott was nominated for the job and couldn't wait until Mr. Pendleton's term had expired. Pressure was taken upon him to have Mr. Pendleton resign and he refused. Then Secretary McAdoo ousted him by night and instructed locksmen to change the locks on the customs offices so that Mr. Pendleton could not get in. Mr. Elliott, the key and assumed the office."

The Republicans are going to return the compliment this time if it is possible for them to do so. They propose that Mr. Elliott shall resign if their efforts can force him to do so.

U. S. Marshal Walton is also on the list for official decapitation. He is another official against whom the Republicans have saved up precedent. When he was appointed by President Wilson, Lee Youngworth held the job with about a year left to serve. Mr. Youngworth handed in his resignation when it was requested and the Republican committee expects to refresh Mr. Walton's memory regarding even eight years ago as a personal call at his office.

EXCITEMENT PROMISED.

They may receive a warm reception, too, as Marshal Walton declared yesterday when told of the impending visit. "I'll go back faster than they come if they monkey with me." And, he explained he has no intention of resigning.

Collector of Internal Revenue Carter and Register Groves of the Land Office have signified their willingness to quit their jobs whenever the Republicans can select successors. Mr. Carter handed in his resignation to take effect March 4, but has continued in the office pending selection of his successor. Similar action was taken by Register Groves, who informed the anxious Republicans that he is ready to step out at any time.

Mr. Groves' term and that of Marshal Walton do not expire until March, 1922.

FOUR WEDDINGS CAMP'S RECORD.

(Continued from First Page.)

did not go to woo and marry Miss Edith Schuyler, daughter of D. J. Schuyler of Chicago.

But the first Mrs. Camp couldn't stand the pace. It seems he established a record never beaten in Chicago for terrific spending. He staged entertainments that would have done credit to an Arabian Nights' revel. For a single evening's party he paid a food-and-drink bill of \$2500. At that time in the days when champagne could be had at \$4.50 a quart.

For four years his wife bill averaged \$400 a day. Then, one morning he awoke, broke and divorced.

OWN SALESMAN.

But from some place came credit, and Mr. Camp became a manufacturer of cigarettes, and when the business failed to produce the results expected, he peddled his wares about the old haunts where once he was the host.

In 1901 he admitted business defeat and faded out of Chicago's life to blaze forth suddenly on Broadway. Edith Foster, a stage beauty of note in her day, accepted his marriage proposal. The wedding was attended by the notables of the Lamb Club. The bride was to continue her stage career, it was announced. "But didn't she have the money to support them both in their accustomed style."

In 1911, the couple separated. In 1917 she sought a divorce. In 1918 Mrs. Camp No. 2 asked for \$1000 a month in alimony. Her husband explained that this amount had been demanded because his wife believed him to be negotiating marriage with the wealthy Mrs. Thorne.

"BROKE" AGAIN.

The same year Mr. Camp sought to recoup his lost fortune. With William Stewart he opened the Blue Goose Inn. The place was popular as a cabaret, but didn't pay, and "Billy" was broke again.

Gordon C. Thorne, son of the woman he later married, then became Mr. Camp's partner. The pair opened a banking and brokerage establishment.

In the spring of 1919, Mrs. Camp No. 3, not yet divorced, became ill in New York. Reporters found Mr. Camp late at night in the apartment of Mrs. Thorne. Mr. Camp, attired in bedroom slippers and shirt open at the throat, registered little interest in the news of his wife's illness. He was asked flatly if he would marry Mrs. Thorne should his wife die.

"I have absolutely no idea of marrying again," he said.

Mrs. Thorne participated in the interview to the extent of assenting to Mr. Camp's statement.

However, on June 24, 1919, Mr. and Mrs. Thorne were married in the bungalow home of Mrs. Thorne in Hollywood. Both gave their ages to the marriage clerk as 44.

SAILOR SENTENCED ON MORPHINE CHARGE.

Eugene d'Artenay, employed on a vessel sailing from San Francisco and Los Angeles, was sentenced to thirteen months in the Federal penitentiary on McNeil Island yesterday by U. S. District Judge Tippet. He was charged with violation of the Harrison anti-narcotic law. In his possession was found twenty-three ounces of morphine, worth about \$1400. D'Artenay was an overseas soldier and was recommended for clemency by Frank M. Silva, former United States Attorney at San Francisco.
